SPLIT BETWEEN CARRANZA AND VILLA IS COMPLETE

Villa Will Take the Central Strip of Land Leading to Mexico City While Carranza's Other Divisional Commanders Will Take the East and West—Jaurez Incident First Step in General Plan to Oust Carranza Element from Villa's Territory

El Paso, Tex., June 18.—The split between General Carranza and Villa has been complete, it was learned tonight on the highest authority. But Villa will proceed with his army south toward Mexico City, disregarding General Natera, whose appointment by Carranza as head of the new Central zone, evidently caused the open breach between the Northern zone commander and the Constitutionalist commander-in-chief.

This made clear for the first time the relations between Carranza and Villa. It was officially said that Villa's forceful taking over of the Carranza offices at Juarez was but a step in a general plan to oust all Carranza elements in the territory Villa dominates.

While not denying he is under Carranza's orders, Villa is known to have told his chief that he will take the Central strip of country leading to Mexico City while Carranza's other divisional commanders can take the East and West coasts. According to this arrangement there would be two distinct governments, both military and civil, in the Northern part of Mexico held by the Constitutionalists.

Both Civil and Military.

One would be Villa's strip, where not only his military leaders but his own appointed civil officials would hold office. The other would be that directed by Carranza in his capacity as military and political chief of the movement from his capital at Saltillo. It is not doubted that General Alvaro Obregan, commander of the Western Military zone, and General Pablo Gonzales, in the East, will remain firm adherents of the Carranza party.

Villa already is reported to have taken over some of the petty leaders of the Central zone territory south of Torreon. The news that General Natera, whose troops have been repulsed at Zacatecas, had come north to visit Villa, was regarded as significant. Natera, previous to his appointment as a zone commander, blocking Villa's movement, had been a staunch Villa man.

It also was learned today that General Chao, who some time ago had been reported ousted by Villa, as Governor of Chihuahua, has joined Villa with a column of troops from Parral, although having been ordered by Carranza to proceed to Saltillo.

The authoritative narrative of what occurred between Carranza and Villa is as follows:

On Saturday Carranza ordered Villa to send 5,000 men to the assistance of Natera, under command of one of Villa's generals. General Villa replied that he was going to Zacatecas himself with his entire army. Carranza asked Villat to obey his orders, which would have placed Villa's troops under command of Natera, in whose zone Zacatecas is located.

After this exchange of telegrams, Villa offered his resignation.

Carranza asked that his successor be appointed immediately. Then followed a conference of fourteen generals under Villa, who declined to accept a new leader. Villa then told Carranza that he was going to move south, as he had announced previously. The exchange ended.

Villa took over over the Carranza offices and put his own men in. Among the national officers arrested at Juarez was Scrapio Aguirre, Carranza's treasurer-general, who had been issuing a new series of Constitutionalist money. The money was confiscated by Villa's troops. It amounted to more than $1,000,000.

Carranza Makes Statement.

General Carranza tonight advised Lazaro di La Garza, Villa's agent here, that the differences between himself and Villa had been adjusted by Carranza giving his permission for Villa to proceed south to Mexico City, regardless of the appointment of General Natera as head of the new Central zone.

Carranza said that the forces of General Obregon in the West and General Gonzales in the East, would work independently of General Villa's troops.

The Constitutionalist commander concluded by saying that the misunderstanding between himself and Villa and any future misunderstandings between any of the leaders would be left for adjustment when the three armies meet before the National capital.

In the meantime, General Villa will run his own military and civil offices in his territory.

Captured Rebels Spared.

On Board U. S. S. California, Mazatlan, Mex., June 17.—By wireless to San Diego, Cal., June 18.—The Federal gunboat Guerrero, which sank the Constitutionalist gunboat Tampico, arrived at Mazatlan today with her colors at half mast, in honor of Captain Malpico, of the vanquished vessel, who committed suicide.

Constitutionalists picked up after the sinking of the Tampico will not be turned over to the Federal authorities at Mazatlan, the Guerrero's officers having decided to spare their lives.

Captain Malpico, formerly was a lieutenant in the Mexican navy, and toward him and his men the Guerrero's crew are said to entertain a brotherly feeling. The United States cruiser New Orleans and the destroyer Perry arrived here with the Guerrero, the New Orleans having six wounded men from the Tampico aboard.

When the Tampico began to sink, Captain Malpico and a number of the crew attempted to escape in a launch. The Guerrero gave chase, but did not fire on the boat, which was soon overhauled and captured. As the launch was being brought alongside the Guerrero Captain Malpico committed suicide.

The Constitutionalists have evacuated Piedras Island, in Mazatlan harbor, fearing a bombardment by the Guerrero.

Alcarez Is Released.

Mexico City, June 18.—Jose M. Cardozo de Oliviera, Brazilian minister to Mexico, today called at the Mexican Foreign Office regarding the case of Gregario Alcarez, the Filipino servant of Captain Rush, of the battleship Florida, who was captured at Cordoba osme time ago and brought here on a charge of being a spy. Although later is was reported Alcarez had been released, he still is missing.

The Brazilian minister was informed by Roberto Esteva Ruiz, acting Minister of Foreign Affairs, that he personally had brought the case to the attention of General Blanquet, Minister of War, and that the general had asked him to convey to Senor de Oliveira his unqualified assurance that the Filipino had suffered no harm and that he had been liberated last Friday.

General Blanquet gave his word of honor that the Filipino was free and unharmed.

Senor Ruiz said General Blanquet had given orders that the city be searched by the troops and police for the man.

The Brazilian minister today telegraphed to the German consul at Zactecas to take charge of American interests at that city.

SWEEPING FROBE INTO NICARAGUAN MATTER

Will Probably be Made by the Senate Committee.

Members of Senate Foreign Relations Committee Said to Be Much Interested in Charges Concerning Bankers

Washington, June 18.—A sweeping investigation of relations between the Nicaraguan government and American bankers intereted in that republic and the part the American State Department may have played in Nicaraguan affairs probably will be undertaken by the Senate Foreign Relations committee soon. Before the committee consents to ratify the proposed treaty with nicaragua, it is virtually certain it will obtain all possible information bearing on the treaty.

Secretary Bryan and Charles A. Douglas, attorney for the Nicaraguan Government ware before the committee for several hours today discussing the treaty which would give the Unite States inter-oceanic canal rights and naval basis in exchange or $3,000,000 and the practical establishment of a protectorate over the Central American country.

Mr. Bryan said American bankers own 51 per cent. of the stock of the Nicaraguan Railway and that the other 49 per cent. was hypotheacated for $1,000,000 to the same bankers, and is in danger of being sold under foreclosure proceedings. He said part of the $3,000,000 might be used to prevent such foreclosure, and allow Nicaragua to retain a large interest in her railroad. Mr. Bryan also said the same bankers control 51 per cent. of the stock of the Nicaraguan National Bank.

Members of the committee heard this with interest. They are said to be anxious to learn how Nicaragua turned over her railroad and her National Bank to American financiers.

SEEKS GREATER POWER.

For Income Tax Collectors—Corporations Must be Forced to Show Books.

Washington, June 18.—Greater authority for treasury agents who soon will be placed on the trail of income tax dodgers was sought from Congress today by Secretary McAdoo. He sent to the House a proposed amendment to the Income Tax law to enlarge the power of the Internal Revenue Commissioner to compel corporations to furnish the names of stockholders and dividends they receive, and to require persons and corporations subject to the tax to give free access to their books.

BRILLIANT CROOK OUTWITS OFFICERS

Transport Sheridan Brought Wrong Man

ACROSS THE PACIFIC

Scandinavian Sailor Was Drugged and Substituted for Man Under Arrest—Was Unable to Pronounce name.

San Francisco, June 18.—Shanghaied in Nagasaki, carried in irons across the Pacific on the United States transport Sheridan and thrust into San Quentin penitentiary to serve three years under a name he could not pronounce for a crime of which he never had heard, Albert Johansen, a Scandinavian sailor, was freed today by the United States district court.

On June 27th he must appear again, for the return of a writ of habeas corpus, application for which was filed today in his behalf, but in the meantime he is free without bail and there is no doubt in the minds of the United States authorities that his imprisonment was the result of a substitution.

The prisoner's story was that he was drinking one night last month in a water front saloon at Nagasaki. Three strangers offered to treat him. He accepted. The next morning he found himself at sea, a prisoner.

Nobody understood him when he tried to explain who he was and he was delivered at San Quentin as James Rogers, alias Peter Grimes, there to serve two years for a sentence imposed by the treaty court at Shanghai for forgery. His cell mate happened to be a fellow countryman and through him he secured a hearing.

Today Johansen was given the album of prisoners' portraits and asked if he could find anybody in it he remembered. As soon as he came on Rogers' portrait he said: "That's one of the men I drank with in Nagasaki."

The real Rogers served a year in San Quentin for forgery. When released he won the interest of Capt. Robert Dollar, a merchant of San Francisco, who sent him to China as a clerk. Soon Rogers was posing as Capt. Dollar's son. He began to pass bad checks, was caught and convicted and sentenced to three years in San Quentin. An officer of the court was to have taken him to Nagasaki where he was to be placed on the Sheridan.

At that point the facts end, and theory begins. The belief of Federal officers is that Rogers got his guardian drunk, poured a drug into Johansen's drink and personally delivered him late at night on board the Sheridan, turning over to a petty officer of the ship the papers he had stolen from the drunken deputy and receiving in person the acknowledgment for his own delivery.

Peter A. Rogers, alias Grimes, convicted forger, who is believed to have drugged Johansen in Nagasaki and substituted the Norwegian sailor for himself just before his transfer under guard to the transport Sheridan, has been apprehended near Nagasaki by Japanese authorities and is in custody, according to information received from Washington by United States District Attorney John W. Preston, today.

DEMAND PROTECTION FOR MISSIONARIES

American Legation at Peking Calls on China.

"White Wolf" and His Bandits Burn Several Missions—Ten Thousand People in One City Killed or Committed Sulide

Peking, June 18.—On a telegraphic request from Lanchow missionaries, the American legation today asked the Chinese foreign office to give missionaries in Southern Kansu protection from the bandit "White Wolf". Great alarm has been created by the burning and plundering of several missions by brigands. In one instance, bandits demanded the surrender o the women of the mission but the women escaped to a forest.

An expedition sent out by the Standard Oil Company to drill oil wells has been detained for several weeks and is unable to proceed from Shensi, because "White Wolf's" brigands continue their devastation Government troops are unwilling or unable to surround the brigands.

It is reported the town o Taochau alone has lost 10,000 inhabitants who were shot or burne, or committed suicide to escape the bandits.

Plots against the government along the Yangtoekiang and in the south are being suppressed.

TWO DAYS FOG IS BAD ON SHIPPING

Many Vessels Collide and Go Aground Off England.

YOKOHAMA ON ROCKS

Vessel With Three Hundred Passengers Aboard Sticks Her Nose Onto Reef—No One Hurt; All Transferred.

London, June 18.—Two days of fog over parts of the British coast has caused an unprecedented number of shipping accidents. The North German Lloyd Company has been the principal sufferer.

While the company's staffs at London and Southampton today were docking the Kaiser Wilhelm II, badly ripped in a collision with the Incemore yesterday and debarking her passengers, they received news that the company's steamer Buelow, from Yokohama with more than 300 passengers, had stuck her nose into the rocks of Blacknor Bay and was held fast there.

The accident was without loss of life, as the sea was perfectly smooth. The Buelow resisted an attempt to pull her off and passengers were transferred to tugs. Later the passengers were sent to Weymouth and from there to London.

Col. Theodore Roosevelt's London friends were startled by a message a local news agency circulated late today that the Hamburg American's mammoth steamer Imperator, on which the colonel was to embark, had gone ashore off Bembridge, Isle of Wight. The Imperator soon disproved this report by steaming into Southampton. Her departure from that port was delayed for several hours by the embarkation of most o the Kaiser Wilhelm II's passengers.

American Yacht Ashore.

The American yacht Utowana, owned by Addison V. Armour, of the New York Yacht Club, bound for Southampton, went ashore between Worbarrow and St. Albans Heads. A wireless call summoned tugs to her assistance and it is expected that she will be re-floated tomorrow.

Divers examinations of the Kaiser Wilhelm II, and passengers' stories show that good construction, as well as good management and fair weather saved her from a tragic fate. She lies at dock with two rents in her side, 24 and 18 feet long, below the water line, with two compartments flooded.

SENDING OUT CHECKS FOR THE FIRE-FIGHTERS

State Firemen's Relief Fund Being Distributed.

Wilmington Gets Nearly $800—State Automobile License Tax Coming In Very Slowly—Licenses Expire July 1.

(Special Star Correspondence)

Raleigh N. C., June. 18.—Commissioner of Insurance James R. Young is sending out to the various towns and cities in the State that maintain fire-fighting orces checks for their proportional part of State firemen's relief fund which aggregates for the past year $8,758. Some amounts that are received for the firemen at especially notable points are: Asheville, $673; Charlotte, $880; Durham, $664; Greensboro, $355; High Point, $310; Kinston $108; Newbern, $219; Salisbury, $187; Wilmington, $797; Wilson $246; Winston-Salem $814;

Automobile License Tax

At the State Department it is stated that the applications for automobile licenses which have to be issued for every machine in the State July 1 for the ensuing year are coming in exceptionally slow and owners of machines are being put on notice that operation of their machines after July 1 without new licenses for the coming year will subject them to heavy penalties. There are upwards of 12,000 automobiles in the State that are subject to issuance of new licenses, the fees for which are $5 $7, and $10, according to the horse power.

PREMIER ASQUITH HAS CAPITULATED

Will Receive Deputation of Women Saturday.

IS DISTINCT VICTORY

Sylvia Pankhurst, Just Out of Holloway Jail, Took Up Her Post on Steps of House of Commons Yesterday.

London, June 18.—Premier Asquith has capitulated to the suffragists. He has consented to receive a deputation of East End working women in Downing Street Saturday.

Miss Sylvia Pankhurst's attempt to carry out her threat of a hunger strike at the entrance to the House of Commons unless the premier yielded to the demand that he listen to a delegation of women was largely responsible for the prime minister's decision. The victory is a distinct one, because Sylvia Pankhurst was arrested about a week ago for attempting to lead a procession of East End women to Westminster to demand the audience which Mr. Asquith has promised.

Holloway jail opened its doors tonight to release Miss Pankhurst, weak and pale after her eight successive hunger strikes. The militant drove to Westminster and rebuffed Kier Hardie's efforts to persuade her to go home. She was sitting on the steps of the central entrance to Parliament house, propped up with cushions and supported in the arms of friends, when Mr. Lansdury came out with the news that Premier Asquith had surrendered.

The militants' plans were arranged exclusively. When the leader emerged from Holloway jail on the arms of two attendants, a motor car was waiting filled with cushions. Two nurses took her in charge. A group of militants had gathered outside Westminster and when the car drove up they cried: "Here's Sylvia."

A large force of police was on duty, but they made no objection when the automobile entered the palace yard under Big Ben. This is the members' private entrance and always has been forbidden ground to the militants. Crowds began to assemble and the police were reinforced.

Acted as Go-Between.

Kier Hardie emerged from the house bareheaded and talked with Miss Pankhurst. Then, with the chief of police, Mr. Hardie made three journeys between the House and the car, obviously acting as a go-between in the negotiations. Sylvia talked with him in a weak whisper.

Seemingly the independent labor member's efforts were a failure, for after the third conference Miss Nora Smythe, Miss Pankhurst's lieutenant, announced to the bystanders:

"We are going to the House of Commons to sit on the steps."

Mr. Hardie explained to the crowd that the militant leader had requested admission to the house which was refused. The car started and drew up at the public entrance to the House of Commons. Women carefully arranged the cushions on the steps and lifted Sylvia out, while the police shoved back the spectators. Miss Pankhurst was not molested. Then Mr. Lansbury appeared with the news of Premier Asquith's decision.

The position on the steps then was abandoned by Miss Pankhurst, who was carried to her car and driven away. Several members witnessed her departure and the crowd gave a cheer. The chief liberal whip afterwards issued a statement to the newspapers saying Mr. Asquit gave his consent to an audience several hours before Miss Pankhurst visited the palace yard. The statement added that she had not been fed forcibly during her last incarceration because she was too weak.

FIVE HUNDRED MILLION DOLLARS IS AVAILABLE

Farm Loan Clause of Reserve Act in Force.

National Banks Can Land Money on Improved Farm Lands, According to Comtroller o the Currency Williams

Washington, June 18.—Comptroller of the Currency Williams today stated that about $500,000,000 in National banks throughout the United States is available for farm mortage loans under the provision of the Federal Reserve At making it possible for National banking associations to lend money on improved farm lands

Scores of inquiries concerning this provision reach the Treasury Department daily and there does not seem to be a general understanding that the farm loan clause of the act is now in force and makes it possible for National banks to make farm loans before the formal organization of the Federal Reserve Board.

The estimate of Comptroller Williams is based on reports showing the capital stock and surplus of National banks to be $1,777,0000,000. Twenty-five per cent. of this amount, or $444,250,000 is available for farm loans. Furthermore the Federal Reserve Act provides that National banks may grant farm loans up to 33 1-3 per cent. of their time deposits. Banks with large deposits will be able to fr exeed the sum they could lend on farms under the 25 per cent. clause and the estimate of Mr. Williams is believed to be conservative.

AMERICAN REPRESENTATIVES MAKE A REPLY TO MEXICANS

Statement Made on Eve of Full Conference Today is Interpreted as Expressing the Unalterable Position of the United States in Future Parleys—Repudiate Suggestion That President Wilson Would Destroy Electoral Liberty of Mexico

Niagara Falls, Ont., June 18.—The American delegation to the Mexican mediation conference tonight made public a statement, issued with the consent of the Washington government, replying to the statement given out last night by the Mexican delegation, in which the American plan for the establishment of a provisional government in Mexico with a Constitutionalist at its head was criticized.

Suggestions that President Wilson had any intent to destroy the electoral liberty of Mexico are utterly repudiated by the American representatives. The statement covers the whole range criticism by the Huerta delegates. Coming on the eve of the full conference tomorrow, which may be postponed until Saturday, it was interpreted as expressing the unalterable position of the United States in future parleys.

The statement in substance follows:

The American representatives do not think it is conducive to the interests of mediation to publish during its pendency, the various plans or the contentions of the partie, but as the Mexican representatives have given out a formal statement of their objections to the appointment of a Constitutionalist, as provisional president because among other things an election conducted by such a provisional government would not represent the will of the Mexican people, it has been thought necessary to give a part of the answer to the letter written by Mr. Rabasa.

Suggestions Repudiated

"In that answer the American representatives utterly repudiate any suggestions that the American President has any intent of destroying the electoral liberty of Mexico and insist that the Mexican representatives entirely understand the objects of the President who recognizes the facts and sees in the past success of the Constitutionalist army indisputable evidence of the approval of the Mexican people. But he also sees that full triumph of that army means an indefinite continuance of war, with the suffering and bloodshed and death which every war involves.

"These consequences the President seeks to prevent through mediation but we greatly fear the language of the Mexican note implies that his efforts may be thwarted because of unwillingness to have a Constitutionalist as provisional president, even though that promises the only practical means by which the horrors of war can be prevented.

"Hope is expressed that the Mexican representatives will not further oppose the only plan which promises peace, when its rejection means suffering and death to so many. We are convinced that your objections to the pan itself and your fear of the ill consequences that may follow its adoption are not well founded, and that in attacking the details you lose sight of the large and controlling motive which from the beginning of this trouble has been in the mind of this President and which has influenced the American representatives in that all that they have said or proposed to the mediators.

Seeks Only To Assist

'The American government seeks only to assist in securing the pacification of Mexico. It has no special interest in the method or in the person by which that great end is to be accomplished and if it presses for any particular method or for the selection of a particular type of man it is only because it believes them to be the only means to the desired end.

"It would be easy at this conference to write an agreement which many would consider desirable, but unless the most excellent of plans and the most excellent of men are accepted by the Constitutionalists we only would have a paper plan, wholly ineffective to secure peace in warworn Mexico. To bring that was to a close, to restore peace and constitutional government is the aim of the President, and that end only can be attained by consulting the just wishes of the Constitutionalists, who are not only in numerical majority but are the dominant force in the country.

"If those selected by the mediators to administer the provisional government have the confidence of the Constitutionalist a long step will have been taken towards the pacification of Mexico without furnishing any occasion for alarm to those Mr. Habez represents for if the plan is accepted both by General Huerta and General Carranza the cessation of arms follows and a provisional government is established. To call an election at which every qualified voter may cast a voice, while if the plan endorsed by the Mexican representatives should be adopted and a neutral should be chosen, we would have secured no practical results but still be confronted with the insurmountable fact that the Constitutionalists now al-

In view of opposite views, expressed by the American and Mexican delegates in their public utterances, the next conference, it was admitted, would bring perhaps the most critical and delicate moment of the mediation proceedings. The mediators intend to submit five or six names which they have selected out of a big list.

Among these may be found one who is suitable, but the atmosphere was so pessimistic tonight it would cause general surprise if this occurred. The break between Carranza and Villa has given some observers the feeling that the American delegates might, as heretofroe, not insist on a man high up in the Constitutionalist ranks, but would urge a man in sympathy with the principles of the revolution—a progressive as opposed to a reactionary.

While the American delegates have not entirely lost hope of the possibility of a change in sentiment at tomorrow's meeting, the general feeling was that mediation could not last much longer because of the irreconciliable position now taken by the American and Huerta delegates in public statements.

Delicate Situation.

Washington, June 18.—Administration officials tonight characterized the Mexican situation as extremely delicate.

This comment referred particularly to the mediation conference which will be resumed tomorrow at Niagara Falls. It also applied to conditions in Northern Mexico growing out of the action of Gen. Villa in demanding complete military control in the campaign against Gen. Huerta.

Hope for the success of mediation, however, was not abandoned according to persons in close touch with the administration. This hope was said to be largely based on developments in the Constitutionalist ranks, the view being held here that personal squabbles among Carranza's followers had been nipped, enhancing the chances of an agreement being reached on a provisional president of Mexico and of checking internal Mexican hostilities. Huerta's Niagara Falls delegates having failed to induce the United States to accept their so-called compromise candidate for the provisional presidency, it was reported here, might yield to some one suggested by the United States, even if he bore the stamp of the Constitutionalists, in order to hold up the military campaign against Mexico City.

Credence was given here to reports from the Mexican border that Villa had proposed to Carranza that there be a division of civic and military operations, Villa to command the military and Carranza to remain in charge of governmental forces. Messages are known to have come from Villa to friends in the United States in which he explained that his action in imprisoning some of Carranza's subordinates was not a direct slap at the first chief, but merely to check more serious ruptres. Several messages were received at the State Department indicating that diffrences betwen Carranza and Villa had been adjusted.

The chief subject discussed today in official quarters and also among Carranza's agents in Washington, was the action of Gen. Villa in Chihuahua. Irnfomation reaching officials here with respect to the arrest of Constitutionalist officials there by Villa's order, was that Villa acted within his authority. It was asserted that Villa acted in his capacity as governor of Chihuahua.

DRUGGISTS HAVE BUSY DAY IN HENDERSONVILLE

Dr; Beal Advocates College Training for Pharmacists

Secretary American Pharmaceutictl Association Says It is Essential to Protection of Public—Traveling Men Organize.

(Special Star Correspondence.)

Hendersonville, N. C., June 18.—With business of two days partially crowded into one, and with enjoyable social diversions, today's sessions of the convention of the North Carolina Pharmaceutical Association was a busy one. Features of the day were the reports of officers, communications, interesting papers and the selection of the following officers;

President, G. C. Goodman, Mooresville; First Vice-President, E. L. Tarkington, Wilson; Third Vice-President, Y. P. Grayor, Morganton; Secretary, J. G. Beard, Chapel Hill; Treasurer, G. E. Burwell, Charlotte. W. W. Horne, of Fayetteville, was re-elected as a member of the State Board of Pharmacy for a term of five years.

The address of Dr. James H. Beal, of Scio, Ohio, the secretary of the American Pharmaceutical Association, was pronounced one of the ablest ever heard by the North Carolina organization. He spoke for an hour on "Phases of Legislation as Related to the Practice of Pharmacy." He advocated college training for druggists, declaring that a college course is essential to the protection of the public as well as actual experience in a drug store.

The traveling men's auxiliary to the State Association was organized tonight with the election of the following officers: President, C. D. Sedberry; Vice-President, J. B. O'Bannon; Secretary and Treasurer, J. B. Stadekar. It will co-operate with the association in planning for the annual meetings, and seeks to bring the traveling salesmen and the retailers into closer relations. It was organized with a charter membership of seventeen.

WALTER JOHNSON LOSES THIRD STRAIGHT GAME.

Tigers Took Opening Game from Mighty One, Four to Two.

Detroit, June 18.—The Tigers defeated Walter Johnson today 4 to 2 in the opening game of their series with Washington. Rain began at the opening of the fourth inning and continued for the rest of the game. The slippery ball seemed to bother Johnson more than it did DuBuc. On a dry field Kavanaugh's home run might have been held to a single. This was the third consecutive defeat for Johnson.

"Money Greed The Curse of Baseball"

BAN JOHNSON. DEPLORES THE BOASTS OF WOULD-BE JUMPERS

Chicago, June 18.—Money greed on the part of players bids fair to be the curse of baseball, according to B. B. Johnson, president of the American League. Johnson left for New York today to attend a meeting of the National Commission at which it is said measures will be taken to prevent the Federal League's threatened raid on major league players.

After declaring that organized baseball will prevent by injunction any major league player from appearing in a Federal uniform, Johnon said: "However, if there are, as President Gilmore, of the Federals says, forty major players who are ready to jump to the Federals, I say let them jump so we may know who they are and rid the sport of the men who are in the game for purely mercernary reasons.

"It is an awul thing for a player to boast that he is in the game merely for what he can get out of it. He is serving notice on the public that he is a mere hireling and will do anything for money? Once let the public get imbued with the idea that baseball players are ready to jump contracts or do anything else if there is enough money in it and they will no danger believe that games are honest. They will soon believe players can be paid to throw games. If this thing should keep up ball players will be glad to play for $2 a game and pass the hat to get it."

Gilmore Defends Players.

Chicago, June 18.—James A. Gilmore, president of the Federal Baseball League, came to the defense of that league and baseball players in general today in response to the statement of B. B. Johnson, head of the American League, that money greed may become the curse of baseball.

"The public realizes," said Gilmore, "that for more than 20 years, 'organized baseball' has held its players in a state of peonage, while the club owners have amassed large fortunes. Naturally they resent competition, and it hurts them to be obliged to give some of the men who earn the money a part of the large profits."

Mr. Gilmore pointed to the case of Mordecai Brown, as an example of what he termed the iniquity of reserve clause contract.

Reds Petition For Injunction

TO PREVENT ARMANDO MARSANS FROM PLAYING WITH FEDERALS

St. Louis, June 18.—An injunction to restrain Armando Marsans from playing with the St. Louis Federals was asked of the Federal District Court here today by the Cincinnati National League Club. The application was set for hearing next Monday.

The petition says that Marsans on January 15th last signed three years contract to play with Cincinnati at $4,400 a year; that he was suspended by the Cincinnati Club and then served ten days notice on the club that he would terminate his contract. When the ten day notice expired he signed with the St. Louis Federals and with that team he has been playing since Saturday. Marsans played with the Federals today.

BIRMINGHAM SUSPENDED.

Cleveland, O., June 18.—Manager Birmingham, of the Cleveland American League baseball team, received notice today of his indefinite suspension by President Ban Johnson for his wrangle during yesterday's game with Umpire Dineen. Birmingham protested a called third strike on Chapman, and was put off the field, after which spectators threw pop bottles at Dineen.

Roads in Brunswick

They're going right after good roads in Brunswick county and the $15,000 in bonds recently voted for this purpose by Northwest township are being offered for sale by Chairman A. M. Chinnis and Clerk Geo. H Gray, of the Board of Commissioners. Certain citizens of Northwest township have also given notice that on the second Monday of July they will apply to the Board of Commissioners to take from Town Creek township about 1,500 acres north of the Fayetteville road, adding it to Northwest township in order that the township may maintain an improved highway through its bounds.

THEATRICAL

Big Day at Bijou

Five reels for five cents—it's not often you hear this offer at any other place but the popular photoplay house But today, that's what you'll get when you play your "jit" across for admission to this palace of pleasure, where comfort is always on tap, and where you are so completely at ease that you have nothing to think about but the pictures. Just notice how silently the score of electric fans run, and the almost noiseless purr of the up-to-date picture machine, today. These are simply two features which are overlooked in most houses. A close watch is kept on the thermometer at the Bijou, and it is never allowed to depart from that "happy medium" which spells perfect comfort.

Today's big bill will be headed by a two-reel Domino drama, "Thieves" one of the most powerful dramas released in some time. It tells a great big story, by a big company of screen stars, and will be a fitting topliner on today's bill of five reels.

Following this a big Nestor drama, "Children of Fate", in which a woman, thinking her husband dead, marries a man who defends her life. Many and thrilling are the climaxes and situations which go to tell this big story, and it will be throughly enjoyed.

A big Rex drama, "The Stone in The Road." It is a dew-drop—clear and perfect. Handled with a deft delicacy, the plot is so simple as to be in the class of incidents.

And—oh, yes—another one of those rousing big Ford Sterling comedies which you've been waiting for will be there, too. It's entitled "Snitz Joins the Force," and is a corker.

At The Victoria

Judging by the enthusiastic expression of delight received yesterday by the Victoria management the folks of Wilmington are immensely interested because that handsome theatre is to present a summer season of moving pictures. Well they may be, because the Victoria has prepared the biggest, greatest and costliest of things to present during the summer months, until the regular season of Keith Vaudeville opens again. The shows will represent what is not only most mammoth, but what is most novel and what is freshest in the way of moving pictures. The Victoria will be made a great moving picture feature theatre and the price of admission will be but 5 cents. Such wonderful shows, at such price, combined with the comfortable nature of the theatre, which is swept constantly by the breezes from many electric fans, will certainly attract the people. The summer season of moving pictures opens Monday from 1 P. M. to 11 P. M. and will be followed by a new show each day.

Today and to-morrow the Victoria is presenting tabloid musical comedy, the style of attraction it has been offering since the close of the Keith season, three weeks ago. And folks who love to laugh and love good music should attend the Victoria either today or to-morrow and witness presentation of the jolly musical connection, "The New Stenographer".

At The Grand Today

Headed by Selig's great human-nature film, "The Pirates of Peacock Alley," which has caused such a sensation, preaching a powerful lesson to all folks in most dramatic way, and with a special 2-part Kalem and a rousing Vitagraph comedy, the Grand Theatre will to-day make one of the most wonderful and elaborate of all offerings, and the price of admission will be but 5 cents, whether afternoon or night. "The Pirates of Peacock Alley" is a great film story. In this alley dwell Divorce, the Remittance Man, the Rich Girl, the Widower, the Lonely Widow, the Discontented Wife, Gray Wolf and a host of other characters, who become mixed in the intensely interesting plot and present a great sermon in the way of dramatic pictures on the screen. Dont miss this great novelty at the Grand to-day

The Kalem special 2-part is also a wonder. Its "The Stolen Rembrandt, with the plot around the theft of an artist's work. George A. Williams, Jane Wolfe, Helen Holmes, Charles Wells and William Brunton.

The Vitagraph comedy is a sermon It is "Setting the Style", and it is a great laughfest for both men and women. A notable cast also appears in this and will be made-up principally by John Bunny (just think of this fat comedian as "Mr. Finnigan" Josie Sadler, Louise Beaudet and Courtland Van Deusen.

SID FINGER TO BE ELECTROCUTED TODAY.

To Die for Murder of Preston Lyerly in Rowan.

(Special Star Telegram.)

Raleigh, N. C., June 18.—Governor Craig having taken no action extending executive interference of any sort with the death sentence imposed in Rowan county for the electrocution of Sid Finger, colored, for the murder of Preston Lyerly, at Barbers Junction, the electrocution is to take place at 10:30 o'clock tomorrow morning. Finger robbed the store, murdered Lyerly, who was a clerk, and set fire to the place.

The Southern Ballooning Co. of Cherryville, capital $3,000 authorized and $1,000 subscribed by J. F. Weathers and others for giving public exhibitions of balloon ascensions and acrial flights.

THEY DO NOT AGREE WITH COLONEL WATTS

That There is No Sentiment for State-Wide Primary.

One N. C. Congressman Says the State Convention Can Not Claim to Represent Sentiment of Great Majority.

(Special Star Telegram.)

Washington, D. C., June 18.—North Carolina Democrats here do not agree with Collector A. D. Watts, of Statesville, that there is no sentiment in North Carolina for a State-wide primary for the nomination of all officers. Neither do they believe any great number of people, with the exception of a few politicians, agree that the State convention acted wisely in refusing to adopt such a plan of primary as had been so urgently and persistently advocated by President Wilson. Congressmen as a rule do not care to express their views for publication just now. But they intend to do so on the stump when they go before the people this fall for re-election. Representatives Pou and Godwin have already stated their views, both declaring that the convention erred in not going the full length in stead of only a third of a loaf. President Wilson expressed surprise some time ago that North Carolina did not have a primary. He may be even more so when he finds that Collector Watts, holding one of the best Federal jobs in the State, thinks his ideas are "nonsense" and is not only not in sympathy with the plan, but, according to those close to the colonel, he is using his best talent to prevent such a plan being enacted into law.

"The State convention cannot claim to represent the sentiment of the large majority of voters in North Carolina," said one Congressman today. "The State must either adopt a primary plan or the folks back in the rural districts will see to it that men are put in power who will do so."

Major Stedman left Washington tonight for Greensboro for a ten days rest. The Major has remained in Washington almost continuously since Congress met and he feels that he needs a rest.

Dr. W. H. Wilder, of Birmingham, a brother of Dr. Hillary Wilder, of Charlotte, is here attending the Southern Railway surgeons' convention. Dr. Wilder goes to Philadelphia Monday, where he will be elected a member of the American College of Surgeons. Dr. Finney, of Baltimore, is president of the association and its members include the Mayos, Dr. Kelley, of Baltimore, and other noted surgeons of the United States. The association is similar to the Royal Surgeons' Association of London.

Ed W. Pharr, of Charlotte, who managed Representative Webb's campaign in Mecklenburg county, is here on a pleasure trip. P. R. A.

THE GIRL STEALS HER BEAU

And a Marriage Follows—The Old Folks Kick

(Special Star Correspondence)

Greenville, N. C., June 18.—The details of a romantic runaway last Sunday and a marriage have just become known here, though two Greenville young people were involved. It seems that two young men of this city, Mr. Broughton and Mr. R. E. Wilson, had been steady visitors to the home of Mr. Henry Johnson, who lives about three miles from here, over the river, and has a couple of pretty daughters of course they did not pay these visits specially to Mr. or Mrs. Johnson. There were objections to the visits of Mr. Wilson, but Mr. Broughton had not so far as known reached that stage, if such should be the case. Last Sunday, so the information goes, the two young men wended their way towards the Johnson home. When near there Mr. Wilson alighted and made himself at home by the roadside. Mr. Broughton continued on to the Johnson nome. There he tied his horse and went in. While he was well, say talking to Mr. and Mrs. Johnson, Miss Glenda Johnson walked out to the buggy untied the horse and took a ride. A short distance from her home she found Mr. Wilson by the roadside. He joined her on the buggy and to Greenville they came. A license was procured, the Rev. James Corbett was called in and the Wilson home was the scene of a runaway romantic marriage.

ANOTHER OCEAN HORROR NARROWLY AVERTED WHEN LINER NEW YORK IS RAMMED AT SEA

New York, June 18.—Scarred for 20 feet on her port bow by a gaping hole, the American liner New York, which was rammed off Nantucket in the fog by the Hamburg-American liner Pretoria came into port under her own steam, saved from another sea horror. Canvas covered the gash in her side, and the Pretoria's two-ton anchor still stuck, fishhook-wise, where the Hamburg liner thrust it into the New York's side. The New York's commander, Capt. W. J. Roberts, said the fog shut down at 1:15 A. M., the collision occurring at 3:26 A. M.

RAINS IN NEWBERN SECTION.

Also in Pamlico, Carteret and Onslow Counties

(Special Star Correspondence.)

Newbern, N. C., June 16.—During the past three or four days considerable rain has fallen in and around Newbern and plant life in this section has been greatly benefited after the drought which prevailed for more than five weeks. Not only has this immediate section been fortunate enough to receive showers but reports from Pamlico, Carteret, and Onslow counties are to the effect that since last Thursday showers have fallen a number of times in those localities.

The situation which existed during the first part of last week was indeed serious and the farmers all over this section were complaining. However, the recent rains have saved a loss on crops of several thousand dollars.

TO SUCCEED COL. PEARSOLL

Mr. George Duffy Appointed Clerk of the Federal Court at Newbern. Effective July 1st.

(Special Star Telegram.)

Newbern, N. C., June 18.—There has been much speculation in this city as to who would be appointed clerk of the Federal court to succeed Col. P. M. Pearsall, who a few weeks ago handed in his resignation to take effect on July 1st. Announcement was made today that George Duffy, of this city, had been selected for this office and would take charge of the work on July 1st.

Colonel Pearsall took charge of the office on January 1st, succeeding Geo. Green, who had been in charge for 25 years. In handing in his resignation, Col. Pearsall stated that he could not attend to the duties of the office and also take care of the law practice at the same time, and give both the proper attention. Mr. Duffy is well and favorably known all over Eastern North Carolina and his friends predict that he will attend to the affairs of the office in a thorough and satisfactory manner.

THE INDEPENDENT RESUMING

Its New Press About Ready-Will Be Improved

(Special Star Correspondence)

Greenville, N. C., June 18.—A factory man is here putting up the new Babcock press for The Independent which will resume publication in a few days. The first issue will appear about the middle of next week. A stock company now owns the paper and with new equipment and improved facilities all around, it expects to become an important factor in the issues coming before the people Senator W. F. Evans remains editor. A linotype is one of the additions to be had sometime in the near future.

Our people do not take too much interest in free delivery and have been slow in putting up boxes, but there are enough to assure it. It is expected to go into operation on the 22nd inst.

For the summer school at the training school, enough students are already here to overrun the dormitories and board is being had in many private families.

WORKING MAN'S BANK

To Be Organized in Charlotte—Installment Plan

(Special Star Correspondence)

Charlotte, N. C., June 18.—A meeting, attended by about fifty representative business men of the city, was held last night at the Selwyn hotel for the purpose of taking preliminary steps toward organizing a bank, by a system which gives small loans at low rates and allows the borrower to pay back the loan in small installments. It is claimed that it has met with phenominal success in Richmond, Roanoke and other places, its chief benefit being that it fills a want long felt by the working man or day laborer, who needs a system that will spellially allow him to pay in small installments.

Attorney General BicKett has already approved the charter, which will be issued, it is expected, in short while. One of the warm advocates of the system at the meeting last night was Col. A. B. Williams, editor of The Roanoke Times, who happened to be in the city and who praised the system as meeting an economic need.

HOMICIDE NEAR ROCKY MOUNT.

One Negro Kills Another During a Drunken Carousal.

(Special Star Correspondence.)

Rocky Mount, N. C., June 16.—With little or no apparent provocation, though both were much under the influence of whiskey, Marshall Chambley, a young negro, was shot and killed Saturday night by his brother-in-law, Jim Gray. The shooting took place on the farm of the late J. B. Daughtridge, the farm now being owned by his widow. The negroes were seen at the Planters Cotton Oil Mill late Saturday afternoon, and while very drunk there was no apparent misunderstanding between them. However, it appears that after reaching the Daughtridge farm, Jim Gray began to declare a vengeance from an imaginary harm and drawing a pistol, shot at Marshall Chambley. The first shot struck him in the head inflicting a wound from which he died, within a few minutes. The matter was reported to the police here, but the negro who did the shooting has not been apprehended.

NEW SUPERIOR COURT CLERK

Thurman Moore Succeeds His Father in Pitt County

(Special Star Correspondence)

Greenville, N. C., June. 18.—A Thurman Moore, son of the late D. C. Moore has been appointed clerk of the Superior Court to succeed his father, the late D C. Moore, who died Saturday. The appointment was made by Judge H. W. Whedbee. This appointment is for the unexpired term until December first Monday, The election for clerk comes off this year and there will be several candidates in the field if rumors are true.

Mr. Moore was practicallly raised in the office and is familiar with every phase of its work and is thoroughly competent. It is rumored that he will be a candidate for the Democratic nomination and if he is, being so popular and competent, he will be a formidable candidate. He had many strong and high class endorsements for the appointment.

"MOVIES FOR CHURCHES

Ministers Form A Corporation To Supply Religious Films

(New York Times)

An organization called The Church and School Social Service Corporation has been formed for presenting moving pictures of a religious or educational nature for the use of churches, schools, social settlements and other similar institutions. The officers are the Rev. William Carter, president; the Rev. Charles H. Parkhurst, vice-president; S. S. McClure, secretary, and Henry Clews, treasurer. An assistant manager of one of the large film exchanges has been selected as general manager of the organization, which has been perfected by the Rev. William Carter. Offices have been opened at 18 East Forty-first street.

An advisory board has been appointed, its members including prominent churchmen and educators of New York and elsewhere. The plan is to take pictures in the Holy Land and the mission fields, together with educational and sociological subjects here and abroad, and supply them to the institutions intended to be served at a cost lower than the regular prices of the commercial companies.

THE SHAMROCK IV., WHICH LIPTON THINKS WILL LIFT AMERICA'S CUP

Sir Thomas Lipton and Col. Burton, skipper of Shamrock IV, were greatly pleased with the cup challenger's showing against Shamrock III. These pictures are the first to reach America, showing the new boat in action and her owner and skipper on her during the maiden trial. Shamrock IV has a great mast and large sail area. She has an apology for a bowsprit, and her hull would make a canal boat envious, but it is reported she can sail and is by far the most dangerous of the recent cup challengers.

Baby of Future is Considered

Much thought has been given in late years to the subject of maternity. In the cities there are maternity hospitals equipped with modern methods. But most women prefer their own homes and in the towns and villages must prefer them. And since this is true we know from the great many splendid letters written on the subject that our "Mother's Friend" is a great help to expectant mothers. They write of the wonderful relief, how it seemed to allow the muscles to expand without undue strain and what a splendid influence it was on the nervous system. Such helps as "Mother's Friend" and the broader knowledge of them should have a helpful influence upon babies of the future. Science says that an infant derives its sense and builds its character from cutaneous impressions. And a tranquil mother certainly will transmit a more healthful influence than if she is extremely nervous from undue pain. This is what a host of women believe who used "Mother's Friend."

These points are more thoroughly explained in a little book mailed free.

"Mother's Friend" is sold in all drug stores. Write for book. Bradfield Regulator Co., 411 Lamar Bldg., Atlanta, Ga.

MAKES GOOD, HEALTHY FLESH

J. Hicks Bunting Drug Co., Offers to Pay for Samose if It Fails.

Begin the use of Samose today, and you will soon notice a gain in good, healthy besh. To all who are thin, weak and run down, this remarkable flesh-forming food promises plump, rosy, perfect health, vigor and vitality.

Most people eat enough to become fat; the trouble is not lack of food, but lack of assimilative power.

Samose mingles with the food that is eaten, so that it is assimilated by the blood, and builds up pleasing plumpness and good healthy flesh. Those who use Samose for a week or ten days will soon notice a gain in weight and an improvement in general strength and health.

Samose is in tablet form, pleasant to take, and is sold by one of the most reputable drug stores in Wilmington, the J. Hicks Bunting Drug Co., under their personal guarantee to refund the money if it does not give satisfaction.

Entered as second-class matter at the postoffice at Wilmington, N. C., under Act of Congress March 2nd, 1874.

FULL ASSOCIATED PRESS REPORT

PUBLISHERS' ANNOUNCEMENT.

THE MORNING STAR, the oldest daily newspaper in North Carolina, is published daily at $6 per year; $3 for six months; $1.50 for three months; 50 cents for one month, by mail.

THE SUNDAY STAR, by mail, one year, $1; six months, 50 cents; three months, 25 cents.

ADVERTISING RATES may be had on application, and advertisers may feel assured that through the columns of this paper they may reach all Wilmington, Eastern Carolina and contiguous territory in South Carolina.

Obituary sketches, cards of thanks, communications espousing the cause of a private enterprise or a political candidate and like matter will be charged at the rate of 10 cents per line, to persons carrying a regular account, or, if paid cash in advance a half rate will be allowed. Announcements of fairs, festivals, balls, hops, picnics, excursions, society meetings, political meetings, etc., will be charged under the same conditions, except so much thereof as may be of news value to the readers of the paper, in the discretion of the editors.

TELEPHONES: Business Office, No. 51; Editorial and Local rooms, No. 61. Call either, if the other doesn't answer.

COMMUNICATIONS, unless they contain important news, or discuss briefly and properly subjects of real interest are not wanted; and, if acceptable in every other way, they will invariably be rejected unless the real name of the author accompanies the same, not necessarily for publication, but as a guarantee of good faith.

ALL DRAFTS, checks, express money orders and postal money orders for the paper should be made payable, and all communications should be addressed, to THE WILMINGTON STAR CO.

Many men take the world as they find it, but a few would take the earth if they could get it.

Even so, some of the modern dances are refined in comparison with the old time can-can.

Have you neglected to think about inventing a seaplane that won't duck if it doesn't fly?

American men know Sir Thomas Lipton as T. Lipton, but the ladies know him as Tea Lipton.

The voice of the people drowns out all other voices in the loud swelling chorus for a State-wide ballot primary.

Someone contends that "the world is getting better." It must also be noticed that it even insists on the best it can get.

Democrats may have their differences but they can't expect to gain anything from a lot of unreasonable disagreements.

The American polo players who "surrendered to England" were mostly Republicans. It can't be blamed on Wilson or Bryan.

If there is a political boss in North Carolina, he must have an absolutely noiseless pair of gumshoes or he plays on such a soft pedal that his boss tune is not heard.

One of the loud and calamitous noises you hear is from those who can't stand the knife when President Wilson uses it to prune off the last vestige of subsidy.

A fashion note says it is now the fad for women to wear small watches on their ankles. That will enable everybody to see what times it is without looking at the city clock.

The North Carolina Press Convention meets at Wrightsville Beach next Wednesday. When Don Richardson's orchestra begins to render some of its swell dance music, editors who are not set in their ways are liable to cast their eyes around for a partner.

What has become of the old fashioned editor who's motto was: "Free from the doting scruples which fetter our free-born reason, we follow truth where'er she leads the way"? Or this one: "Here the press the people's rights maintain. Unawed by influence, unbribed by gain"?

Aldrich, Penrose, Smoot and a lot of old time standpatters and subsidyistas, and a few Democrats who think jokers in party platforms are fundamental because they get in among the planks of a platform, criticise Wilson about tolls exemption repeal. To show whether Congress was with the President or not, anti-Wilsonites should not forget that repeal had a combined majority of 260 in the Senate and the House. The people will approve it in like proportion, for they not only want the country to observe its solemn treaty agreements, but they do not favor the idea of building the canal and keeping it up for the free use of the coastwise shipping trust which controls water rates like the railroads do the land rates.

MOREHEAD'S HEALTH CONDITIONS.

The May Bulletin of the State Board of Health reported health conditions at Morehead City as bad during a period of about three years, but, of course, it was done without prejudice to that oldest of North Carolina seaside resorts. However, the citizens of Morehead believed that such a report was not justified by present health conditions there and considerable feeling was stirred up by the hurtful health statistics which appeared in last month's official publication of the board.

It is well, therefore, that the State Board of Health at its meeting in Raleigh on Wednesday, took steps to give Morehead the benefit of a later report, after investigation. The board had a long session and only adjourned at 2 o'clock Thursday morning after practically an all night session at which various matters were given attention. Drs. Cyrus Thompson, of Jacksonville, and Warren H. Booker, of Raleigh, were commissioned to go to Morehead City and make a full investigation of health conditions as they are now and report back to the State Board at their earliest convenience.

No doubt the State board wants to do full justice to Morehead, and its step towards making a new investigation was in response to the desire of the people of that resort. Dr. K. P. Bonner and Mr. Foster, representing Morehead and the Atlantic Hotel, appeared before the board and made patriotic and public spirited speeches for their town and its institutions. They welcomed investigation, and the board announced that it will be conducted as speedily as possible in order to do justice to the whole State.

Of course, the whole State is concerned in the health condition prevailing in any of its cities, and especially in one to which people possibly may go from all portions of the State. The State board is doing a splendid work for North Carolina, and we have never known a time when the people of the State should so keenly appreciate its great energy, enlarged interest and greater eficiency in the handling of health questions in the State.

The Star has said this before, and we are sure that among the most progressive institutions in the State is its active and able Board of Health.

By the way, at its meeting on Wednesday, the State Board complimented its secretary, Dr. W. S. Rankin, by increasing his salary. It was not so complimentary as it was merited. It was deserved and due. It looks something like paying an able and specially efficient executive official something more on account. Dr. Rankin eminently deserves all the compliments he can get from the board which he serves in such a highly satisfactory manner, and so far as his work is concerned, if we can call it a job we have observed that he knows it and is right on it all along the line all the time.

North Carolina ought to be proud of its Board of Health, its officers and its members, and all the people of the State certainly have cause to regret that its head, Dr. Richard H. Lewis, is physically impaired and for the first time since he has been a member, was not able to be present at the meeting of the board. He asked the board to elect man in his place, but it declined in the hope that he will soon recover and resume his work. There is a man to whom the board owes its high tiype of organization and efficiency and to whom the State is greatly indebted. We are glad of this opportunity to say so and to express the hope that Dr. Lewis will rapidly regain his hearth on his own account and for the good of the State.

RAILWAY MAIL PAY.

We have heard much of late about railway mail pay—the government and the railways, and the disposition of the former to saddle the railroads with the parcel post service with no adequate remuneration. The rural mail carriers of the country have felt the pinch of the same policy of the government and naturally both the carriers and the railroads see neither the justice nor the sense of requiring of them an extra service with no extra pay. And the public is with them, we believe.

This government of ours is too great and too powerful to saddle the expense of an extra public service on the carriers without expecting to pay its way. It has been shown conclusively that the common carriers were not being allowed fair compensation for the services rendered the government and all our boasted perfection and utility of the parcel post has been at the expense of the carriers. It is now time for the government and Congress to deal fairly with the railroads and not take an unfair advantage of them simply because they have the power.

It seems that this matter of railway mail pay has been referred to an investigating committee, of which the Hon. Jonathan Bourne is chairman, and the work of this committee in going into the whole matter has not yet been completed. However, the overzealous Congressmen seem not to have waited for a report as to cost, conditions, etc., but have taken the bull by the horns and have had introduced a bill that admittedly cuts off three million dollars from the compensation of the railroads and which the railroads say will cut off ten million dollars and virtually put them out of business, so far as mail is concerned.

Even so eminent an authority as Mr. Louis Brandeis has advised the Inter-State Commerce Commission that to him it seemed clear that the railway mail service was unremunerative to the railways and now to lop off summarily ten to fifteen million dollars from this remuneration does not appeal to the fair-minded people of this country as just, necessary or reconcilable with any sort of governmental policy in the past.

Such a proceeding certainly strikes the average citizen not only as highly inappropriate in advance of the recommendation of the Congressional Committee, but in itself proposes an imposition upon the railroads which seems altogether unwarranted. The railroad people are perfectly willing to submit their contentions to the American people, believing that when they know what the bill actually means they will resent Congressional action along the line proposed, not only as beneath the dignity of a nation like ours, but as a positive wielding of the big stick which should cease some time in the interest of fair play.

Congress should at least, in our opinion, wait for its own committee to make its report and to announce to the public what it considers fair and equitable. There is a general feeling that the Bourne committee has gone into the matter thoroughly and is itself so unbiased that the public may rely on the justice of its findings.

McKINNON THE DEMOCRAT.

Major A. J. McKinnon, of Maxton, one of the true blues, has written the Charlotte Observer a card in order to state his attitude towards the State Democratic convention matter in controversy between the Hon. A. L. Brooks, of Greensboro, and the Hon. Cam. Morrison, of Charlotte. Mr. Brooks' open letter criticising some of the platform features and Mr. Morrison's replies have more or less conspicuously involved the name of Major McKinnon. He is not in the fight, however, except incidentally, and he wrote The Observer so it can be understood that he is what he is and is nothing more nor less than a real Democrat, whether he gets all that is coming to him or not.

Down here in Eastern North Carolina we know Major McKinnon. He is a Democrat who gives and takes, and if he can't take all he can get right now he gets right in line so he can take more in the course of time. The fact is, he thinks other Democrats have as much right to take their ground as he has and if they get more ground than he does he gets on it with them and helps them to "tend" it. That is our idea of a good Democrat. However, Major McKinnon best states his own position in his card in yesterday's Observer, as follows:

"My name seems to be mildly connected with Mr. Brooks in the writing match between Mr. Morrison and himself.

"In order that there may be no misunderstanding as to my position in the matter, I wish you would say, first, that I am a Democrat and that after the platform was adopted by the Democratic State Convention in Raleigh, it became my platform.

"Second, I was and am now heartily in favor of a State-wide primary as recommended by the minority report signed by Mr. Brooks and myself, but when the convention refused to accept our report I accepted its ruling for two years at least and I think Mr. Brooks and Mr. Morrison, and every other Democrat would be wise to come to the same conclusion.

"Third, I stated publicly at the convention, and I repeat it now, that with the exception of our difference on the primary question, that in my judgment we had a splendid platform and that the committee had been most harmonious and pleasant in all its tedious deliberations."

That is just like the Robeson brand of Democracy and Major McKinnon is one of the brand makers in the State of Robeson. The Observer is quite correct in calling him a "thoroughbred" and saying that he "belongs to that class of Democrats who are not swayed by prejudice and who remain loyal to party interests whether or not they get what they want." In fact, The Observer observes that "he is one of the men far removed from the pouter class—in short, he is a thoroughbred."

We can all state our position and go right on standing in line, and so it is a commendable saying of Editor Harris that "the sentiments expressed by Major McKinnon are not only worthy of commendation but of emulation." That is the proper spirit, and if we keep it up the enemies of Democracy and the votaries of infernal government in North Carolina will never again have the ghost of a show in the State.

STEAMSHIP INTERESTS AWAKE

Representatives of the Clyde and Mallory Steamship lines, allied water carriers, met in convention at Charleston yesterday and will confer together for three days. The agents from practically every port of importance on the Atlantic and the Gulf of Mexico are in attendance, as well as several of the executives of the two lines.

The attendance in Charleston is composed of 45 to 50 steamship men, and their meetings are being held at the Charleston hotel. They hold their conferences in the mornings and devote the afternoons to social affairs and entertainments, since Charleston appreciates their presence and wants some of their time while they are in that city. The big social event of the occasion will be a banquet at the Charleston hotel tomorrow evening. Every port which the steamers of the lines serve is represented, and the local organizations are seeing to it that they shall have a good time.

The Clyde and Mallory allies are old esablished lines, and they are more than ever interested in the development of their interests at the various Southern ports. Their traffic has wonderfully increased as the ports have developed and the steamship people have readily responded to the growth of their patronage by increasing their facilities for both freight and passenger traffic. They are constantly adding to their steamship service, and have their own terminals in practically every port. The new Clyde Line terminals in Wilmington are under way and will be in use within a year. The ownership of the terminals in the various ports indicates that the companies have invested in our Southern ports and are thus taking actual stock in them.

That indicates their faith in our ports and the growth of their business shows that their faith is being justified. The allie lines are paying more attention to passenger traffic than ever, and steamer trips to New York and between ports are growing in popularity. That branch of the service is being popularized, and within twelve months we can say that traveling by steamship between Wilmington and New York has been constantly on the increase. The Charleston News and Courier says in the quota of passengers taken on spite of the fact that it is yet early summer, the Northern travel by way of the Clyde Line appears to have reached high water mark. Every northbound passenger steamer is filled to its capacity when it leaves Charleston, and in a number of cases board at more Southern points has been sufficient to load the steamers to their limit.

The Clyde people have been giving particular attention to passenger sertown to New York, and the trip is becoming more popular all the time. Passengers from Georgetown come on the steamers to Wilmington and have an opportunity to see this city and Wrightsville Beach at least a day, before they resume the voyage north. The summer trips are specially delightful, and they are bound to become popular with people in all the cities of North Carolina once they know the splendid accomodations on the ships and the enjoyableness of a part or all sea voyage to America's great metropolis. The best part of it is the economy of the trip.

The Clyde and Mallory people are tive and progressive and the custom of having their agents and representatives to assemble in convention once a year indicates that it is unifying their forces for efficiency and satisfactory service. The business is being worked up into a greater system, and it means a great deal for our Southern ports that it is so.

We thought it would come sooner or later, this inquiry: "What does ma spend?" Well, ma spends less money than anybody else, but she spends more sleepless nights than all the family when pa stays out late and the whereabouts of the boys is not known.

Some men kick till they get what they want and that is the reason they kick. Some kick about nothing while some kick for something.

THE MONDAY STAR.

Reading the Wilmington Star having gotten in the class with eating—a daily necessity in this section—The Star people satisfied the paper end of the appetite by completing their circuit and now issues a Monday paper.—Bladen Journal.

The Wilmington Star, the oldest daily in the State as well as one of the best, has joined the ranks of the seven day papers, being issued every day in the week. The morning dailies of Charlotte, Greensboro, Asheville, Raleigh and Wilmington are now issued daily.—Statesville Landmark.

It looks good to the many Wilmington Star readers in this neck of the woods to have this paper coming daily with no breaks on Monday for those who have had to wait until Tuesday for their news. With the every-day in the year Star, there is the advance which is wanted in newspaper extension service in this section, and The Star cannot fail to profit by it, while its home city and this section of North Carolina is the gainer by 52 days in each year from now on. The News adds its congratulations to its big city contemporary.—Southport News.

CURRENT COMMENT.

The people of North Carolina are going to adopt the constitutional amendments regardless of politics. Republicans and Progressives helped prepare the amendments and they will stand for them along with the Democrats.—Raleigh Times.

We want these turbulent convention fellows to go down to Wrightsville Beach and watch the editors at their convention and see how peacefully they disagree and how jollily the minority yields without kicking up such a dust about a trivial matter.—Bladen Journal.

There is no provision yet for Bladen to have a legalized primary by all parties on the same day and under State management, so we would ask the Democratic Executive Committeemen to think three times before deciding for a soap box one for the party this year.—Bladen Journal.

Following the example set by Secretary Daniels, the Norwegian parliament has forbidden the use of intoxicants by the officers and men in the Norwegian army and navy. If this sort of thing continues, the market will soon show a great slump in the demand for "fighting whiskey."—New Orleans States.

The editors of North Carolina look forward with great pleasure to the meeting of the Press Association at Wrightsville next Wednesday, in addition to the joy of meeting each other, the ever changing delights of the ocean, the rest for a few days from the toil and grind of the year, the programme is especially attractive, one of the star figures being Norman Hapgood, the famous editor of Harper's Weekly. President Poe does everything well, and he did not spare himself in the preparation of this splendid programme.—Charity and Children.

TWO STRONG ADDRESSES AT LEAGUE CONFERENCE

Nation-Wide Prohibition Endorsed by Young People

Stirring Appeal by Dr. F. S. Parker, of Nashville, Tenn., Last Night—Rev. R. L. Davis Spoke Yesterday Morning.

A fitting climax to a most profitable day's session of the North Carolina Conference of the Epworth League was the stirring appeal for noble living by Rev. Dr. F. S. Parker, of Nashville, Tenn., general secretary of the organization, at Fifth Street Methodist church, last night. Resolutions endorsing nation-wide prohibition were adopted by the young people at the morning session, after hearing a strong appeal for temperance reform by Rev. R. L. Davis, of Raleigh, superintendent of the North Carolina Anti-Saloon League.

Preceding the address yesterday morning by Mr. Davis was a conference of two hours on questions of interest to the members of the organization. That the visitors are tremendously in earnest in their work for the church was indicated by the large attendance at the early morning prayer meeting at the church, which was conducted at 6:30 o'clock, by Rev. H. M. North, presiding elder of the Durham district.

Yesterday afternoon 200 or more members of the conference went to Wrightsville Beach on special cars to spend the afternoon. On account of the rain, it was necessary for them to spend most of the afternoon under shelter at Lumina, but the occasion proved to be a most enjoyable one in spite of the unfavorable weather.

"The Essential Thing" was the subject of the address by Dr. Parker last night, which was heard by a large congregation.

He held up the example of Jesus Christ as the example of the perfect life, the one who knew all things and the only man who ever lived who was able to comprehend all of truth and who made a complete survey of mankind. The speaker showed how the highest ideal of His life was to do the will of Him by whom He had been sent. In other words, the speaker explained, it was obedience to the will of the Father. And the same must be true of those who would achieve real success in the world.

Continuing, he showed how fragmentary is man's thinking and how limited is his view. The greatest poets, the greatest musicians and the greatest painters have been unable to find in their art that peace that would give them rest. After following knowledge like a sinking star beyond the utmost bounds of human thought, they fell far short of being perfect. Though they sang the sweetest melodies and painted the most beautiful pictures, many of them were debauched and lived impure lives, showing in marked degree how frail is human nature.

REV. H. M. NORTH

Presiding elder of the Durham District of the Methodist church. Mr. North is attending the North Carolina Epworth League conference in this city and taking part in the various discussions.

To do God's will the speaker characterized as the Supreme good, the one factor that can bring satisfaction, the one truth that can meet the highest aspirations of the human soul, the only thing that is adequate to the needs of man. God's purpose relates to all of our interests, and includes all mankind, he said. It is God alone who really knows us, and who can point out the way.

Turning again to the other side of the picture, he showed how the greatest sins are due to the perversion of the God-given faculties of man. It is a misapplying of the divine energy, the divinely implanted instincts of the human soul that lead men into idolatry and make men lead debauched lives.

It was an inspiring message that the speaker brought his hearers when he implored them to live above the sordid things of life, to be men and women worthy of God, who had created them.

"We can never regard ourselves as insignificant, if we are linked up with God," he declared.

In conclusion, he again portrayed the lives of some of the great men of the world, who had seemingly obtained all that they could wish for and yet at the end regarded themselves as failures. This is not true of the Christian, however, for he knows that if he does God's will, he cannot fail.

It was an inspiring address, full of sound truth and one that will linger long with those that heard it.

Preceding the address, there was special music by the choir of the Fifth Street Methodist church. Especially enjoyable were the duet by Mr. Greene Fenley and Miss Carrie Bowen, and the solo by Miss Bowen.

Of great interest to the members of the conference was the reading of a letter by the secretary from Miss Ida Hankins, giving an account of her work in Korea. After the reading of the letter, Rev. G. T. Adams led the

PUNISHMENT OF MILD FORM

Grand Jury Finds No Cause For Blame in Whipping Convicts—Roads in Good Condition

That the whipping of convicts by the guards at the different camps in the county is rather a mild form of administering punishment to unruly criminals is the finding of the grand jury for the June term of Superior Court in their report which was submitted to Solicitor Lyon shortly after noon yesterday. The report commends the county commissioners for the excellent condition of the roads of the county.

The condition of all the county convict camps were found by the jury to be as favorable as could be expected under the trying circumstances existing, with the exception of camps No. 1 and 2, where the conditions are such that the jury felt that they could be improved.

Following is the report of the jury in full:

"To His Honor Charles M. Cooke, Judge, Superior Court of New Hanover County, North Carolina

"We, the grand jury for the June term of court, have carefully considered the matters covered by your charge, and examined the county institutions, beg to submit the following report:

"True bills found 20; not true bills, 2; presentments made, 3

"We visited and carefully inspected the four convict camps, in the order named and designated as No. 2, or Federal Point Camp; No. 3, camp now working near Sea Gate; No. 4, on Scott's Hill camp, and No. 1, on East Wilmington camp.

"In each case we inspected the food, clothing, bedding, mules, etc., and with two exceptions we found the prisoners well cared for, and the conditions all that could be reasonably expected under the trying circumstances that exists at all these camps. The food was wholesome, of sufficient quantity, well cooked, and protected from flies by screens.

"In each case, several convicts, when questioned by us, stated they were well treated, well fed and they had no cause to complain

"The exceptions above referred to were found at Nos. 1 and 2 camps. No. 2 camp, in charge of a Mr. Aiken where there are ten convicts and 9 mules. In this camp we found the bedding, consisting of mattresses, blankets, etc., in a dirty and dilapidated condition, and four of the nine mules unfit for work by reason of sore or galled shoulders, caused no doubt from want of proper care and attention. We realize that the nature of the work these mules are required to do is hard on them, but it is our opinion that with proper care and attention to both mules and harness such a condition would not exist.

"At No. 1, or East Wilmington camp, we found two of the convicts sick, not of a serious nature, however, and there is no provison for isolating the sick from the well, as they all have to occupy the same room. We also found a case of tuberculosis in this camp, and while we were told he was kept isolated from the others as far as possible, yet we feel the conditions are such that will not prevent the dread disease from spreading, and we feel that such conditions as these should not exist, even among criminals.

"The camp at this place was not properly screened, and we think this should be done at once, as the flies were numerous. We recommend that lighter weight clothing be furnished the convicts during the hot weather, as it is easier washed out and kept clean and more comfortable to wear.

"Regarding whipping the convicts by the guards, we inquired into this matter as closely as possible, and learned that recently several convicts had been whipped for disobedience and misdemeanors, but always each whipping was done in the presence of one or more witnesses, and as far as we could ascertain, each case of whipping was justifiable and not inhumanly administered. We examined the whip or lash used on such occasions, and found it to be a round piece of wood 12 inches long, slathed at one end to receive a piece of leather strap 16 inches long, 1 3-4 inches wide and about 1-8 inch thick, and we were told they usually gave 5 to 8 licks on the bare bottom of the convict. Judging from our observation of said instrument, in our opinion it is rather a mild way of administering punishment to unruly criminals.

"We then visited the County Home, where we found the several buildings and grounds apparently well kept, clean, and as far as we could see the sanitary condition of same is good considering the nature of the occupants. Both the inmates and convicts of the Home are apparently well treated and contented.

"We were told by the superintendent that six of the inmates were insane, and three of them very unruly at times. It is our opinion the County Home is no at place to care for such unfortunates, and if possible, they should be sent to some Insane Asylum, thereby relieving the home of this additional burden or which it is not prepared to properly care for them.

"We next visited the county jail, where we found 14 prisoners, two white and 12 colored, who when questioned by us, stated they were well treated and had no complaint to make. The jail building appeared to be well kept, the sanitary conditions fairly good, but can be improved.

"We this day, June 18th, 1914, inspected the court house building, and found same to be in good condition.

"In closing, we desire to state that when visiting the various camps and County Home above referred to, the roads over which we passed were found to be in excellent condition, and we feel our County Commissioners are to be commended for their good work.

"We further recommend that restrictions as to admitting visitors to convict camps, which have been set forth by the Board of County Commissioners, be strictly enforced, as it has come to our attention that the infraction of these rules recently have proved the means of provoking Insubordination on the part of convicts and further failure to enforce these rules is likely to bring about serious results.

"We recommend that a copy of this report be turned over to the next grand jury at the time of their convening, for their consideration, and that a copy of future grand jury reports be placed in the hands of the next succeeding grand jury for their information.

"Respectfully submitted this 18th day of June, 1914.

COMMUNITY INTEREST TO BE DEVELOPED

Representatives of All Local Activities Organize

Enthusiastic Meeting Last Night at Court House—Compact Organization Effected for Systematic Effort.

With more than fifty representatives of Wilmington's wide and varied interests in attendance last night in the Court House, an organization to work for the material, civic, intellectual and moral advancement of the community along broad and aggressive lines, was formed according to the plans recently set out by Mr. Hugh MacRae and others at a meeting of several gentlemen, having at heart the real progress and prosperity of the community. The session lasted more than three hours, during which every phase of the proposed activities was touched upon and commended by those in attendance.

The name of "Wilmington's Interlocking Interests" was adopted and an organization was effected with the following officers and standing committees:

President—W. P. Stacy, Esq.

First Vice President—Mr. Hugh MacRae.

Second Vice President—Mr. John J. Blair.

Secretary and Treasurer—Mr. D. H. Howes.

Executive Committee—Hugh MacRae, chairman; the officers, and various chairmen of committees.

Resolutions—J. A. Taylor, chairman; John D. Bellamy, Dr. J. M. Wells.

Membership—T. E. Cooper, chairman; Mrs. E. L. Prince, Mrs. Wm. Latimer, W. O. Page, E. P. Bailey, J. W. King, J. Edwin Bunting.

Public Affairs—Walker Taylor, chairman; B. H. Stephens, Washington Catlett; M. J. Corbett, H. F. Wilder, Jas. H. Cowan.

Special Meetings—Louis E. Hall, chairman; H. E. Longley, Geo. P. Galvin, Ira G. Upchurch and C. H. Huband.

Arbitration—W. H. Sprunt, chairman; Dr. W. H. Milton, F. A. Thompson.

The election of Mr. Stacy as president was over his protest that he would much prefer to work in the ranks, but when made to see that it was in the line of his duty, he agreed to serve, but said that he would much prefer the honor's going to some one else.

The meeting was called to order at 8 o'clock by Mr. B. H. Stephens, who first advanced the idea of a closer organization of all the community's activities, and upon motion Representative-elect W. P. Stacy was called to the chair and Mr. Milton Calder to act as secretary, with members of the press as assistants. Mr. Stacy stated at the beginning he was not fully acquainted with the objects and purview of the proposed organization and asked Mr. Hugh MacRae to state them.

Mr. MacRae gave a little historical sketch of the movement, originating at a recent meeting of the architects and real estate men of the city, as has been published in the local press. He spoke of the value of co-operation as a means of community development and told of the idea's having been advanced by Mr. Stephens, which idea Mr. MacRae said was the biggest thing ever suggested for the good of the town. He said that the only criticism that could possibly be directed at the proposed organization was the wide divergence of interests proposed to be included, but he explained why this might be converted into an element of strength rather than of weakness. He quoted some ideas from the May number of the Atlantic Monthly and he said the proposed organization would give every man an active, livid interest in what is going on about him. As an illustration of what could be accomplished by a unity of purpose, he cited the late Wilmington revolution and told of the possibilities of Wilmington and this section if the people would only get together.

In order to give the meeting something to consider and something tangible to work upon he read the resolutions and objects of the organization as recently published with a plan of organization, the objects being stated as follows:

"A. To secure a true expression of public opinion on matters which are of importance to the citizens of Wilmington and which affect the general welfare.

"B. To offer fair representation to every organized potent interest in the community, so that constructive thought may be focused in solving the problems arising from time to time in a way which will be best for Wilmington.

"C. To offer the undivided moral support of the citizens in giving emphatic endorsement to such undertakings or policies as are determined to be for the general good.

"D. To conserve and direct the vitality and mental vigor of the city with a view to upbuilding Wilmington and the surrounding territory, so that results obtained will be commensurate with the natural advantages which are our inheritance.

"E. To eliminate misunderstandings and strife, and to avoid working at cross purposes, so that energy and efforts may be devoted to constructive undertakings.

"F. To eliminate from the community through the means of publicity all such influences of whatever nature as are deemed to be harmful."

The chairman then called the roll of the various industries, activities, etc., represented at the meeting and 53 such were reported as being represented, among them being Messrs. H. E. Bonitz and B. H. Stphens, architects; every Wilmington bank by their presidents or cashiers; Messrs. J. A. Taylor, L. E. Hall and President Corbett, from the Chamber of Commerce; Mr. Wm. H. Sprunt, exporter; Elks, Mr. James Owen Reilly; Building and Loan Association, Messrs. J. O. Reilly and H. F. Wilder; Knights of Pythias, Jos. W. Little, Esq., J. Edwin Bunting; Fertilizers, Messrs.

DR. WOOD'S JOKE.

He Entertains Party at Raleigh With Good One.

From the "As I Was A-Sayin" column of the News and Observer of Thursday, the following is taken:

Dr. Edward J. Wood, member of the State Board of Health from Wilmington, in addition to this, is a clever entertainer. The first meeting of the State Board, Tuesday night, was set for 8 o'clock. The members, or part of the members, gathered, but there were not enough for the meeting. A period of watchful waiting and of explaining followed. Out of it, Dr. Wood emerged with a joke that loosed the mirth of the medical men, thereby dispelling the theory that the smile of the physician is purely professional.

It happened that a certain specialist was pestered greatly by visitors during his office hours. He was a busy man, and every minute of his time r[illegible] money to him and service to his patients. Now the physician experimented with notices, placed in prominent places, with office boy, with maids. After all else failed, after he had to get rid of magazine agents, subscribed to every known publication, and stocked his library with every conceivable piece of literature, he gave some pointed instruction to his assistant. Hereafter, every person who came to the office must be stripped before entering the private office. The plan worked admirably. The unnecessary visitors departed in anger, but the bona fide patients submitted.

One day there came a young man who demanded to see the specialist. He was informed of the conditions. He declined and went away. The next day he returned. Again he went away, this time after expressing his supreme disgust with the entire establishment. The third day he returned.

"Young man," declared the assistant, "You will have to abide by the regulation of the office. Strip or you can't see the doctor."

In resignation the young man stripped and stepped into the office of the specialist.

"Young man, what seems to be your trouble," asked the medical man.

"No trouble at all. I just want to know if you don't want to renew your subscription to the Saturday Evening Post."

FUNERAL OF BRIGHT BOY.

Remains of Young J. Henry Hewlett Laid to Rest Yesterday.

In the presence of a large number of friends and acquaintances, impressive funeral services were conducted at 11 o'clock yesterday morning from the residence of his grandmother, No. 303 South Fifth street, over the remains of young J. Henry Hewlett, Jr., son of Mr. and Mrs. J. H. Hewlett, whose sad death occurred on Wednesday morning at the hospital, following several very difficult operations from which the young man never recovered. The services were very pretty and were conducted by Rev. G. T. Adams, of Fifth Street M. E. church, who spoke beautifully of the life of the young man. A large number of floral tributes attested the esteem in which the young man was held, one of the designs—a very handsome one—being from Mr. Hewlett's fellow employes in The Star printing office, and another being from the Electrical Workers, of which the young man was a member.

The interment was in Bellevue cemetery, the pall-bearers being from members of the Electrical Workers' Union, as follows: Messrs. L. G. Smith, R. M. Kermon, A. B. Blake, R. M. Duncan, H. [illegible] Everett and W. W. Wood.

Death of Little Daughter.

Friends will sympathize tenderly with Mr. and Mrs. W. T. Mott in the death of their four-month-old daughter, Carrie Louise, which occurred Wednesday night at 10:30 o'clock at their home, No. 309 Meares street. The body was taken to Freeman on the 3:25 train yesterday afternoon. The interment was in the family burying ground.

Death of Infant Son.

Friends will sympathize with Mr. and Mrs. J. S. Flora in the loss of their 10-day-old son, Elbert Lee, whose death occurred Wednesday night at 10 o'clock at their home, No. 317 South Third street. The funeral was conducted from the residence yesterday afternoon at 4 o'clock, by Rev. J. S. Crowley, pastor of Immanuel Presbyterian church. The interment was in Bellevue cemetery.

TENTH ANNIVERSARY OF YOUNG MATRONS' CLUB.

Celebrating the tenth anniversary of the organization of Lumberton's first social club, a brilliant reception was given last Thursday evening from 9 to 11 o'clock by the members of the Young Matrons' Club at the home of one of the charter members, Mrs. E. K. Proctor, Elm and Sixth streets. Tasteful decorations of flowers and potted plants, carrying out the club colors of green, red and white, added to the attractiveness of the interior, while here and there on the lawn surrounding the home were rustic seats, numerous Japanese lanterns among the shrubbery lending the charm of their soft light to an altogether lovely scene.

Receiving at the door were Mr. and Mrs. J. A. Sharpe, Elizabeth Jennings, small daughter of Mr. and Mrs. H. B. Jennings, receiving cards and May Johnson Poole, small daughter, of Prof. and Mrs. J. R. Poole, showing the way to the dressing rooms. Mrs. H. B. Jennings conducted guests to the parlor, decorated in red gladioluses and potted plants, where three of the charter members—Mesdames E. K. Proctor, Irwin Jenkins and R. C. Lawrence—received. The other charter members—Mesdames A. W. McLean and G. B. McLeod—were prevented by sickness and other causes from being present.

From the parlor guests were conducted by Mrs. A. T. McLean to the dining room, where Mr. and Mrs. R. R. Carlyle received and where Misses Vasuti White and Annie Burt Stainback served cream, cake, and points, the refreshments being in the club colors, and displaying club monogram. Decorations in this room were in the club colors and adorning the center of the table was a large and beautiful birthday cake, with ten candles. From this room Miss Lillian Procter led the way to the east porch, converted for the nonce by Japanese lanterns and rustic seats into a beautiful bower, where Prof. and Mrs. J. R. Poole presided at the punch bowle. Leaving this lovely retreat, guests were greeted by Mr. and Mrs. F. Thomas and conducted by Mrs. Thomas to the library, where a color scheme of yellow prevailed and where the club officers, Mrs. E. L. Holloway, president, and Mrs. Jas. D. Proctor, vice president, received with their husbands

The halls were decorated with ivy and potted plants.

A constant stream of guests called during the entire two hours the reception lasted and many lingered on the piazzas and lawn to enjoy sweet music discoursed by an orchestra from Wilmington.

It was the purpose to have the husband of each member of the club take part in the reception with his wife, but some could not be present. Besides the charter members absent, other members of the club who could not be present were Mesdames L. T. Townsend, A. E. White and Alf H. McLeod.—Lumberton Robesonian.

TATUM-DEBERRY WEDDING BRILLIANT CHURCH AFFAIR

Tarboro, N. C., June 18.—One of the prettiest weddings ever held in this city took place last night at the St. James Methodist church at 9 o'clock when Miss Olivia DeBerry, of this city became the bride of Mr. Benjamin Tatum, of Greensboro. That the affair was of social importance was shown by the fact that the edifice was crowed to the doors long before the time for the service and large numbers of people stood outside to catch a glimpse of the bridal party as it entered.

The service opened shortly after nine o'clock with the prelude to Cadmans "At Dawning" played by Miss Julia Burton, of Marion, and then the guests were charmed with the music and words as sung by Miss Pat Walser, of Lexington. As the wedding party reached the church Miss Burton started the famous march of Lohengrin's and the party entered to its familiar strains. Messrs. Arthur DeBerry and Louise Benton entered first and then Misses Alice Thurston Pender and Janie McWhorter. Then came Messrs. Wm Adams, of Wilson, and Lowrey Stafford, of Greensboro, followed by Misses Marion Woodley, of Elizabeth City, and Elizabeth Howard, a groomsman and bridemaid. Miss Margaret Adams, of Greensboro, and Miss Myriam DeBerry, gowned in new Charmense then came up the aisle, maids of honor, and then little Julia Nettles Wiggins entered with the ring in a pink rose. Mrs. Fred Spager, sister of the groom, was matron of honor and preceded the bride down the aisle. Miss DeBerry, gowned in an exquisite creation of white Dutchess satin trimmed with real lace wearing a veil and carrying a tremendous bouquet of lilies of the valley and orchids was truly a beautiful bride as she entered the church on the arm of her father, Mr. George T. DeBerry, and advanced down the aisle to the chancel where she was met by the groom, Mr. Benjamin Tatum, on the arm of his best man, Mr. William Bandy, of Raleigh, and then Mr. Tatum took his bride to the altar where the Rev. J. L. Reid, of Rocky Mount, made them husband and wife, using the solemnly impressive Methodist ring service. The party then turned and left the church for the home of the bride's parents where a reception was given for them.

Miss DeBerry is one of the city's most attractive young ladies, and has hosts of friends here. Mr. Tatum is a young man of many qualities that make of him a good friend and a reliable citizen.

The reception at the home of the bride was a beautiful affair and Mr. and Mrs. DeBerry were charming entertainers. Immediately after the wedding the guests started coming and not the least of the attractive features of the evening was the wonderful display of wedding presents that so aptly testified to the popularity of the young couple. The crowd remained at the home until the departure of the young couple in automobiles for Rocky Mount where they took the train for Richmond and points North for their honeymoon.

Mr. J. C. Patton, editor of the Charlotte News, and Mrs. Patton arrived yesterday and will spend some time at the Oceanic Hotel.

Quite a number are taking advantage of the opportunity to take lessons in dancing under Mr. West and Miss Chandler and they now have a large class.

Within the next few days a dancing contest will be inaugurated at Lumina and handsome prizes awarded to those who dance the most gracefully and artistically. This promises to be a most popular feature at the beach.

Among the arrivals at the Seashore Hotel yesterday were Clarence A. Smith, High Point; Julian L. Brodie, Memphis, Tenn.; M. A. Rogers, Atlanta; E. P. Calhoun, Chester, S. C.; Frank Thompson, Jacksonville, N. C.; Jas. T. Griffith, Monroe.

Most of the members of the South Carolina Cotton Seed Crushers' Association, in convention at the Seashore Tuesday and Wednesday, have departed for their homes, though a number will remain for a few days longer to enjoy the pleasures of a real resort.

Yesterday was a rather gloomy looking day on the beach, though it seemed to have no effect on the spirits of the guests at the hotels. Quite a number braved the surf yesterday afternoon and enjoyed it, in spite of the overcast sky.

A souvenir dance for children will be given at Lumina next Monday night. This will be the first favor dance of the season and a large attendance is looked for. The affair will be conducted in the same way as these children's dances have been conducted in the past. The children's dance will take place between the hours of 8 and 9 in the evening. During that time no grown people will be allowed on the floor. At 9 o'clock the children will be formed in line for the march when the favors will be distributed. None of the entertainments at Lumina are more enjoyed or attract larger crowds than these children's dances. At some of the dances last season as many as 300 children formed in line for the grand march. Children of any age up to 12 years usually take part in these entertainments. The favors for this occasion will vary in character from toys that delight the little tot to the kind that please the young lady of 12. If the weather is fair there will undoubtedly be a large crowd at Lumina to witness this dance. Dancing for grown people will follow the children's dance.

BEFORE THE RECORDER

George Holland Sent to Road for 18 Months on Larceny Charges

George Holland, colored, was convicted in three cases against him charging him with larceny and was sentenced to serve 18 months on the county roads yesterday by the Recorder. Holland is alleged to have made practice of entering houses at Wrightsville Beach and is said to have obtained a large number of articles in this way. It is claimed that he had a key to the home of Mr. R. H. Northrop. He was given six months on each charge against him.

Charlie Smith, colored, submitted to a charge of stealing a pistol but judgment was continued until today. Prayer for judgment was continued upon payment of the costs in two cases against James Johnson, colored, charged with retailing. He was unable to pay the costs and went to the roads for three months in default. Judgment was suspended upon payment of the costs in a case against George McKoy, colored, charged with simple assault. He was unable to pay the amount and was sent to the county roads for 30 days. A case against "Coon" Brown, charged with violating the prohibition law, was continued until today.

FRECKLES

Don't Hide Them With a Veil; Remove Them With the Othine Prescription.

This prescription for the removal of freckles was written by a prominent physician and is usually so successful in removing freckles and giving a clear, beautiful complexion that it is sold by druggists under guarantee to refund the money if it fails.

Don't hide your freckles under a veil; get an ounce of othine and remove them. Even the first few applications should show a wonderful improvement, some of the lighter freckles vanishing entirely.

Be sure to ask the druggist for the double strength othine; it is this that is sold on the money-back guarantee.

Beauty Editor Advises on Superfluous Hair

A well known beauty editor writes: "Avoid painful electric operations and evil-smelling, skin-burning depilatories for removing superfluous hair. Mrs. Osgood's Wonder will speedily clear the face, neck, arms or any other part of the body of all unwelcome hair. This harmless prescription is being universally used and endorsed by leading society and professional women everywhere.

Every woman should know that Mrs. Osgood's Wonder is the finest and surest remedy for hair blemishes." You can try it without risk by depositing its small purchase price with J. Hicks Bunting Drug Co., or at any leading druggist or toilet counter. If it fails, return the empty package and get your money back, as agreed in signed guarantee which comes in every package.

TWO STRONG ADDRESSES AT LEAGUE CONFERENCE

(Continued From Pge 5)

congregation in prayer for the success of her work.

Predicts National Prohibition.

Rev. R. L. Davis, in his address yesterday morning, predicted nation-wide prohibition within the next few years. He said that while he could not always count on church members to help him in his work, he always felt sure of the Epworth Leaguers and he knew that they could be relied upon to do whatever they could to bring about temperance reform. He declared that the time is not far distant when it will be impossible for whiskey to be shipped from one State to another. He was of the opinion that the present bill before Congress which will submit an amendment to the National Constitution to the people for their ratification which will provide for National prohibition would come up in Congress next month.

He spoke with great pride of the fact that practically all of the religious and secular organizations of the State had gone on record as favoring prohibition. He urged that the Leaguers do likewise and upon the conclusion of a strong appeal for this important measure a resolution was adopted endorsing the movement.

The resolution adopted is as follows:

"We are glad to note that the matter of national prohibition is now squarely before the Congress of these United States in a resolution presented in the House by Congressman Hobson and presented in the Senate by Senator Sheppard, submitting an amendment to the National Constitution to the various States. We are informed that, in all likelihood, there will be a vote in the House on this measure between the first and the tenth of July, and, therefore, we instruct our secretary to send the accompanying petitions to Senator Simmons and Congressman Godwin, respectively, urging favorable action on this measure.

"We desire to give our endorsement to the active and successful work being done by the Anti-Saloon League of the State and Nation, and other temperance organizations, and we assure them of our hearty support and co-operation in all of their efforts to exterminate the beverage liquor traffic."

In the absence of the first vice-president, the conference on the work of the devotional department was led by Rev. H. M. North. Mr. North has long been known as one of the most earnest and most energetic workers among young people in the State, and his talks and questions proved to be most helpful. Following this feature there was a conference on the social service department, which was led by Rev. J. M. Ormand, of Hillsboro. There were a large number of the delegates who took part either by asking questions or by making short talks.

In the absence of the President, who was kept at home on account of other pressing engagements, the meetings were presided over yesterday by Rev. J. M. Ormand, first vice-president. He is a most capable presiding officer, and kept everything in fine working order.

This morning there will be a conference on the work of the missionary department which will be led by Prof. W. A. Bryan, of Durham.

Following this conference there will be a business meeting at which officers for the ensuing year will probably be elected. The afternoon will be given over to social faetures. Tonight there will be an address by Mr. W. V. Martin, secretary of the Y. M. C. A. at Spartanburg, S. C., who will speak on "Making Life Worth While."

Sale at Sea Gate Today.

The real estate corps of the Burton Brothers' Realty Co. arrived in the city last night and are ready for the big auction sale of residence lots at Sea Gate this afternoon, beginning at 2 o'clock. Free car transportation will be provided from Front and Princess streets, at 1, 1:30 and 2 P. M. There will be an interesting feature in the award of valuable gifts whether the attendants upon the sale purchase lots or not. The company is composed of the following gentlemen: Messrs. W. T. and J. W. Burton, W. R. and J. H. Newbury, B. P. Sandlin, J. B. Eure, D. H. Bridgers and H. E. Newbury. The sale promises to be one of the most interesting held in a long time.

SHIPPING NEWS OF INTEREST.

Two Schooners Arrive With Cargoes of Coal and Cement.

The schooner A. B. Sherman, Capt. Brown, from Philadelphia, arrived yesterday afternoon with a cargo of coal for the Springer Coal Company. The vessel is consigned to Manitt & Wood. The schooner Richard Linthicum, Capt. Roberts, from Jersey City with a cargo of cement to be discharged at the Seaboard terminals, also reached this port yesterday afternoon.

The steamer Navahoe, Capt. Packer, arrived a day early on her regular run back to New York from Georgetown, reaching this port yesterday. She will remain here until Saturday.

ATTRACTIVE FOLDER ADVERTISING BEACH.

Tidewater Power Co., Gets Out Booklet on Popular Resort.

One of the neatest and most attractive booklets for advertising purposes that has ever been prepared by the Tidewater Power Co., on Wrightsville Beach, has just been issued from the press of the Wilmington Stamp & Printing Co. The folder is illustrated with a complete set of views of the different scenes to be found on the beach and is well worth the careful study of everyone interested in summer resorts. In addition the pamphlet contains much valuable information about this popular beach.

Especially striking is the panoramic view of the beach from the sound side, giving an outline of the two principal hotels, the Seashore and the Oceanic, and the intervening cottages. Splendid views of Lumina, the most popular public pavilion on the South Atlantic coast, are also given. Another view that is worthy of special mention is that of the handsome union station in Wilmington. The front page of the booklet is printed in colors and portrays the turbulent bosom of the Atlantic filled with bathers in front of Lumina.

Other views are of Lumina dancing room, surf bathing in front of Lumina, the veranda in the rear of Lumina, cottages along the ocean front, fishing in Banks' channel, Oceanic Hotel, pier in front of the Seashore, yachting in the sound, cars at Front and Princess streets, and numerous others.

The folder contains a list of the hotels and boarding houses at the beach and other information of interest to the visitor. It is a most effective piece of advertising art and gives in concise form the main facts about the beach. It is being sent out generally and should attract many visitors.

LOCAL DOTS.

—A marriage license was issued yesterday for Mr. Lewis Stachura and Miss Sophia Cushman, both of Castle Haynes.

—The many friends of Mr. W. A. Martin will regret to learn that he is confined to his home at No. 520 Dock street on account of illness.

—Sylvester Ashe, colored, was arrested yesterday afternoon on a charge of assault with a deadly weapon and for assault on a female. He was lodged in the city prison to await a hearing before the Recorder.

—Deputy Sheriff Kelly and Constable Davis will leave this morning at 3:45 o'clock for Raleigh with the four prisoners for the State penitentiary. These were given sentences at this week's term of Superior court and their names are Henry Pridgen, 18 months; Sandy McKoy, 15 years; Eddie Martin, two years, and Henry Chapman, five years.

—A well known lady of the city called up The Star office last night to protest against reckless running of automobiles around street corners. She stated that her little girl had been knocked to the pavement and had been badly frightened by an automobilist, who did not have the grace after the narrow escape of the child to stop to see whether or not she was seriously hurt.

COUNCILMAN WOOD BACK.

Will Soon Present Water and Light Petitions, He Says.

Councilman T. W. Wood returned to the city early yesterday morning from Houston, Texas, where he went on business. He also visited several other Southern cities, among these being Montgomery, Ala., and Savannah, Ga. He was accompanied from Savannah by Mrs. Wood, who visited friends in that city while he was in Texas.

Mr. Wood declared yesterday that he had found that in all the cities visited by him the people were getting good, pure, wholesome water from deep wells and that most of them own their own electric light plants. While Houston does not own her plant, the mayor of that city is advocating a municipally owned lighting plant, Mr. Wood states.

Councilman Wood stated that the petitions asking for an election on the question of a municipal lighting plant and for deep wells for Wilmington which have been in circulation for several weeks, will soon be ready to be presented to the City Council. Only about 600 names are required to call the election and Councilman Wood stated that he had secured practically this many before he left.

Mr. Jones With Richmond Paper

Friends in the city will be interested in learning that Mr. A. D. Jones, formerly telegraph editor of The Star, and for some time past city editor of the Greensboro Record, has accepted a position with the Times-Dispatch, of Richmond, Va., Mr. Jones is a most capable young newspaper man and has bright prospects for a most successful career in his chosen profession. His friends will rejoice to hear of his promotion to a wider field of service.

Prince, Mrs. Hugh MacRae and Mrs. M. L. Stover; traveling men, E. T. Wade, W. O. Page; military, J. B. Lynch, and E. P. Bailey; Y. W. C. A., Miss Katie Grainger, Mrs. S. M. Boatwright; manufacturers, Belwil Cotton Mills and Ira G. Upchurch; physicians, Dr. W. C. Galloway; North Carolina Waterways Association, Meares Harriss, secretary; Knights of Columbus, Geo. P. Galvin; Associated Charities, Dr. Milton and Mr. Boatwright; public schools, J. J. Blair, Prof. W. Catlett; chemical interests, H. M. Chase, Geo. Catlett; Marine engineers, W. A. Furlong; retail merchants, G. Henry Haar; boiler makers, W. A. Deal.

There were still other representatives whose names the secretary did not catch, but it was decided that after an organization was effected that the various representatives would report back to their several interests and would be given credentials as official representatives of their bodies. This suggestion was from Col. Walker Taylor, who referred to the rather indiscriminate way of accepting delegates. Mr. MacRae explained that there were a sufficient number of accredited delegates for a nucleus and he with others agreed that the organization should go forward along the lines suggested in the plan of organization and later the proper credentials should be secured and the organization be perfected.

On motion of Dr. Galloway the meeting proceeded with the organization, Dr. Wells, upon motion, asking Divine blessing upon the deliberations. After some discussion of the form the organization should take, the chair appointed the following nominating committee: Messrs. J. A. Taylor, Hugh MacRae, John J. Blair, Dr. W. H. Milton, Mrs. Wm. Latimer, Mr. M. J. Corbett and Hon. John D. Bellamy. This committee retired and in the interim several rousing talks were made, after which the committee came in and reported a permanent nominating committee composed of Col. J. VanB. Metts, Dr. J. H. Foster, Mrs. M. L. Stover and Messrs. C. E. Clark, Ira Upchurch, J. O. Reilly and H. E. Bonitz. They were instructed to retire and bring in nominations which they did, naming Mr. Hugh MacRae for chairman; Mr. S. M. Boatwright for secretary, and Messrs. W. P. Stacy and John J. Blair for vice presidents.

Mr. MacRae explained why for personal reasons he could not serve and it was after the most urgent insistence was made upon him that he positively declined and the report of the committee was referred back for further report, Mr. Boatwright also declining to serve as secretary for reasons of press of other business. Col. Taylor was also named as a vice president, but he explained that he would find it impossible to serve and suggested a rearrangement by which Mr. MacRae would be made chairman of the executive committee and vice president, which he was prevailed upon to accept in the interest of the organization despite his protests. The nominating committee then reported and the nominations were unanimously confirmed by the meeting as given above.

While the committee was out making nominations, the assembly heard with interest inspiring talks from Mr. MacRae and Dr. Milton, who referred to the organization as an enlargement of the idea of the Associated Charities in that it concentrated all the effort in the city in the matter of charity and reform work. He also spoke of the work of the Chicago City Clubs which had accomplished great things for that great Western city, equally as enthusiastic speeches were made by Mr. J. A. Taylor, who told of the wonderful influence of public sentiment and spoke of how such an organization as the "Wilmington Interlocking Interests" could accomplish wonders in molding public opinion and approval. Mr. W. O. Page also spoke enthusiastically as a traveling man and one who always has the interest of the city at heart in all his travels. Mr. Wm. H. Sprunt responded with a splendid talk in which he emphasized the importance of putting aside selfish interest and working for the common good. He sounded a splendid appeal for the get-together spirit in Wilmington.

It was after 11 o'clock when the meeting adjourned, future meetings being at the call of the president and committee named for that purpose.

DEALS IN REALTY.

Large Number of Deeds Filed for Record at Court House Yesterday.

Judging from the number of deeds filed for record with the register of deeds yesterday there was much interest in realty. Among the papers filed were the following:

Manhattan Company to Geo. B. Applewhite, for $10 and other considerations, lot No. 35, Manhattan; H. S. Meredith and wife to H. M. Turner and wife, for $100 and other considerations, lot on south side of plank road adjoining lands of J. B. Mercer, 210x60 feet in size; W. A. Dick, trustee, to Manhattan Company, for $10 and other considerations, lot 5 Carolina Court; W. A. Dick, trustee, to Gertrude Foster, for $10 and other considerations, lot 4, Carolina Court; J. O. Bowden and wife to Dozier L. Latta, for $10 and other considerations, lots 5 and 6, Sea Crest; R. G. Rankin, Jr., to Marsden Bellamy and C. D. Weeks, Esqs., for $1,000 and other considerations, lot on north side of Chesnut street, 66 feet east of 16th street, 66x150 feet in size; Atlantic Trust & Banking Company, for $800, lots 2, 3, 24 and 36, Atlantic View; J. O. Bowden and wife, to L. B. Pearce and wife, for $100 and other considerations, lots 1, 2, 3, 4, 7, 8, 9 and 10, Sea Crest.

ELECTRICAL WORKERS.

Interesting Meeting Held at Lumina Last Night—Papers.

A meeting of the Electrical Workers' Association of the city was held at Lumina last night. A special car was provided by the Tidewater Power Company to take the members down to the beach. There were about 25 in attendance.

An interesting feature was a report by Mr. Raymond Hunt, chief electrician of the Tidewater Power Co., on the annual meeting of the National Electric Light Association, which was held recently in Philadelphia, Pa. Mr. Hunt attended the meeting and was able to give an instructive outline of the work accomplished. Mr. Arthur Humphreys read an instructive paper on "Wireless Telegraphy". After the business meeting refreshments were served.

Died in Albany, Ga.

Many Wilmington friends will hear with sorrow of the death of Mrs. Mary Ritter, widow of the late L. B. Ritter, and mother of Mrs. E. N. Clark, wife of Mr. E. N. Clark, land and industrial agent of the Atlantic Coast Line, which occurred yesterday morning at Albany, Ga., where Mr. and Mrs. Clark and Mrs. Ritter have been spending several months while Mr. Clark is recuperating from his late illness. Mrs. Ritter resided with the family in Wilmington and has many friends who will regret to know of her death.

Rev. Sidney Love to Lecture.

"The Proper Way to Reform Our County Convict Camps," will be the subject of an interesting lecture by Rev. Sidney Love, secretary of the State Prison Reform Association, at the Airdome Sunday afternoon at 5 o'clock. Mr. Love will tell something of his investigations and observations in New Hanover during his present visit and the public is cordially invited to hear him.

THE BIG LAND SALE AMOUNTED TO $65,000

Burton Brothers Conduct Sale of Mont Calm Land Co. Property.

(Wadesboro Ansonian.)

The biggest land sale ever held in Wadesboro was conducted here yesterday by the famous Burton Bros., of Wilson, for the Mont Calm Land Company. The company sold all except one of the lots opened out and ready for sale on the Leak property, the prices ranging from $355 to $1,800, the lot near the cemetery bringing the last named price. The home place was bought by Dr. E. A. Covington, for $6,100. The following persons bought lots:

Dr. E. A. Covington, J. Guest King, F. S. Tillman, T. L. Huntley, R. L. Huntley, H. H. Ashcraft, M. W. Bryant, J. W. Odom, C. C. Moore, Julian E. Moore, W. Henry Liles, M. S. Williams, W. M. Morton, H. B. Allen, F. L. Dunlap, Sam Houston, J. D. Leak, R. P. Lyon, H. H. McLendon, Bert E. Bennett, J. D. Mills, J. A. Lockhart, F. B. Leggett, R. M. Pratt, W. L. McKinnon, J. S. Webb, Frank Fetzer, Walter E. Brock, W. P. Parsons.

Most of the parties buying expect to build, and this means more substantial growth for Wadesboro. The company has a greater part of the estate yet unopened. Water and sewerage will be carried to this beautiful residential section, and it promises to be a pretty part of this growing town.

In making this big sale—the largest residence lot sale ever known of in this part of the State—the Burton Bros.' Realty Co., of Wilson, N. C., have established the fact that they are prepared and competent to handle any size proposition put up to them.

This auction company will sell at Sea Gate this afternoon at 2 o'clock.—advertisement.

SUNSET ON THE NILE

Rowers Chant Weirdly As They Tug At Oars

(Archie Bell, in Cleveland Plain Dealer)

As we sat on deck, beneath the minaret of the mosque, the skies slowly turned from orange to lilac and purple of night, throwing a strange pink light over the city's buildings. The minosa trees and date palms became black and great white cranes, seemingly knowing that their wings had an appropriate background, circled over our heads over the deep azure river and over the many white-sailed dahabeahs that were floating along in the breezeless night, propelled by rowers who were chanting weirdly as they tugged at the oars.

Dimly, we could see the black-draped figures of numberless women approach the river's brink and we know that the splashes in the water were caused by the dropping of their heavy jugs, which they twirl around till they are filled, after which they raise them laboriously to their heads and then skip up the banks and disappear in the darkness of the night.

The sounds of the city ceased and all was quiet. All but the plaintive lay of a piper who must have been somewhere not far off on the bank of the river. It seemed that he was playing the love song of Larbi of Beni-Mora. It was monotonous and drowsy and invoked sleep. In the morning before dawn I heard the boys pulling the stake near my window. I had fallen asleep to native music and now I was awakened by their song. As we started up the river, the clarion call of the muezzin rang out from the minaret. For good Mohammedans it means that a new day had begun—but for infidel Americans, there were several additional hours of sleep.

TELEGRAPHING IN CHINA

Ingenious System to Overcome Difficulties of No Alphabet.

(From the Youth's Companion.)

It might well seem impossible to send a telegram in a written language that has no alphabet, but is made up of a vast number of characters, no two of which are alike. Not only is the Chinese language composed of several thousand different characters, but there are so many dialects spoken in China that there are more than a hundred ways of pronouncing each character, although the written language is uniform throughout the country. How is it possible to send a telegram in such a land and such a language? The difficulties have been very ingeniously overcome, and it is now easier and less expensive to send a telegram in Chinese than in French.

In every telegraph office in China there is a dictionary, or special code, in which the written characters are listed and numbered. There are places for 9,999 characters, but a number of spaces are at present blanks; they can be filled with characters when that becomes necessary.

The sender of the telegram writes his message in the ordinary manner. The operator knows the numbers of most of the characters. If there are any of which he is ignorant, he finds them in the catalogue. Each number is composed of four Morse numerals: for example, 5913,0013,0414 signifies Yuan Shi-Kai, the name of the president of the Chinese republic. It follows, then, that the ten Morse numerals will serve to telegraph 9,999 different Chinese characters!

SHOWED WEALTH OF EGYPT

Costly Entertainments for Khedive During Trip Through Delta

(London Globe)

The khedive's tour through the Delta, which he has now completed, has shown in a remarkable manner the wealth of the landowners in the provinces. In many places private individuals decorated the roads over which the khedive motored for distances of several miles.

Coffee was served in cups worth $3,000; the chair in which the khedive sat during brief visits to country houses had in many cases cost from $500 to $1,000, and one pasha who entertained the khedive for half an hour is alleged to have spent $50,000 on the preparations, while another borrowed cannon from the Egyptian army and fired a salute as his highness arrived.

In many places the crowds were so great that the khedival motor car was unable to proceed. Frequently the fellahin (peasants) kissed the car to demonstrate their loyalty.

POISONED BY A BRASS BED

Death Of St. Louisan Caused by Rubbing the Bars

(St Louis Globe-Democrat)

John Biehle, 45 years old, died today of blood poisoning, the result of catching his head between the brass bars of his bed. He rubbed his neck against the brass bars of the bed.

The accident occured ten days ago. The proprietor of the rooming house was drawn to his room by his groans. She found that he was unable to extricate his head from the bars, and it was necessary to pry them apart.

Retail Merchants' Association Elects Officers and Adjourns—Adopts Resolutions to be Presented to Legislature.

(Special Star Telegram.)

Durham, N. C., June 18.—The North Carolina Retail Merchants' Association adjourned today after selecting Asheville as the next meeting place. Two Durham men were made officials of the association for next year. Officers elected are as follows: President, L. B. Markham, Durham; vice president, P. N. Posten, Statesville; secretary, M. E. Newsom, Jr., Durham; treasurer, T. B. Burton, Asheville.

The most important work of the day was embodied in resolutions adopted asking for special legislation. One of these will be presented at the next Legislature, asking that the constitution of the State be so amended that it will be impossible for dishonest people to hide behind the homestead exemption law to keep from paying their debts. It is pointed out that this law was framed soon after the Civil War to protect property from vandals of Reconstruction, and it no longer serves a useful purpose as it now stands.

Another petition asks that there be a change in tax rate of State, in order that the taxes will be more equally adjusted. It is suggested in a petition to be presented to the next Legislature that property be listed at approximate market value and the rate reduced.

The work for lower freight rates was reviewed in the report of the transportation committee. While a great victory had been won, the association was urged to continue the fight till rates in North Carolina were as good as in Virginia.

MAN-EATING FISH GO MAD

T. R.'s Piranhas Scorn Birds, but Devour Skinned Monkeys.

(Newwark Evening News)

Writing of the piranha, the cannibal fish of South America, Col. Roosevelt in Scribner's says that he did not find that they were cannibals among themselves, but only in the sense of eating the flesh of men. Dead birds and mammals thrown whole and unskinned into the water failed to attract the pirannas, whereas the skinned carcass of a good-sized monkey was at once seized, pulled under the water and completely devoured by the blood-crazy fish.

A man who had dropped something of value waded in after it to above the knee, but went very slowly and quietly, avoiding every possibility of disturbance, and not venturing to put his hands into the water. But nobody could bathe, and even the slightest disturbance in the water, such as that made by scrubbing the hands vigorously with soap, immediately attracted the attention of the savage little creatures, who darted to the place, evidently hoping to find some animals in difficulties.

Once, while some Indians were attempting to launch a boat, and were making a great commotion in the water, a piranha attacked a naked Indian who belonged to the party and mutilated him as he struggled and splashed, waist-deep in the stream. Men not making a splashing and struggling are rarely attacked: but if one is attacked by any chance, the blood in the water maddens the piranhas, and they assail the man with frightful ferocity.

CASTLES GOT $22,000 A WEEK

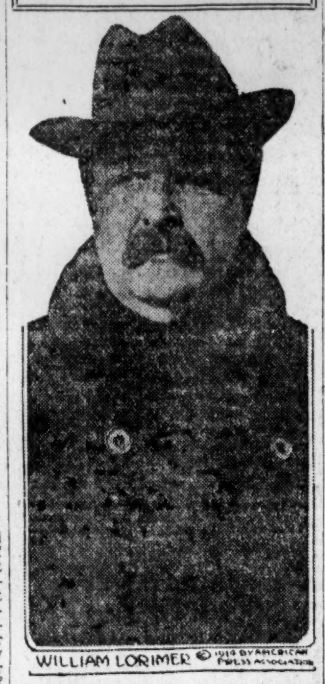
Made A Fortune Out Of Month's Dancing Carnival

(New York Evening Mail)

When Mr. and Mrs. Verson Castle closed their four weeks dancing carnival in Madison Square Garden last Saturday night they are reported to have added just $85,000 to their fortune, making the one biggest haul of the trip in Boston, which is said to have been $7,500 for two performances in a single day. Tangoing at the rate of $22,000 a week is considered a record for modern dancing, and managers admit a serious menace to the theatrical business, which depends on the patronage of the tangoists to fill the theatres.

Coming in on the crest of the newest dance wave, the Castles have been enriched thousands of dollars, have been lionized by society, have "indorsed" everything from a pair of shoes to a family cook stove, for which they have been beautifully remunerated, have been filmized, written a book on dancing, promoted Castle House, a highly exclusive and just as highly expensive restaurant and ballroom, and interested themselves in hundreds of other pastimes that made them money faster than the Philadelphia Mint turns it out. Yet pessimists say that dancing in its present form is simply a fad and will "hang itself" and die within another year!

ARRESTS MAY FOLLOW CLOSING OF BANKS



WILLIAM LORIMER © 1913 BY AMERICAN PRESS ASSOCIATION

Chicago, June 16.—It is believed here that criminal prosecution may follow the closing by examiners of the LaSalle Street Trust & Savings Bank, of which ex-United States Senator William Lorimer is president, and three associated banks. Chief Bank Examiner Harkins and a score of assistants are busily engaged in trying to unravel the financial tangle which resulted in a run on the LaSalle Street bank. Mr. Harkins said it would be several days before the actual state of affairs is known.

MAILS BY HYDROAEROPLANE

Plan Will Be Tried On Lake Chautauqua at Early Date.

(Washington Post)

"Mail delivery by hydroaeroplane is to be inauguarated on Lake Chautauqua next week," said R. H. Hendricks, of Jamestown, N. Y., at the New Willard. "It will mark the beginning of what may become universal before many years. Lake Chautauqua was selected because of the numerous summer resorts that line its shores. The delivery will last through the summer and, of course, is in the nature of an experiment.

"The plan is to make Jamestown, which is at the foot of Lake Chautauqua, the starting point of the route. The hydroaeroplane will make regular trips, stopping at the summer resorts along the shore. The uppermost point to be reached on the lake is Mayvill, and the aeroplane mail carrier will then proceed along the opposite shore to the starting point. Lake Chautauqua is about 30 miles in length. There is no question in the minds of the postoffice officials that the thing is practicable."

THE RIGHT USE OF SUMMER

"Show Me How To Keep Body, Mind, Soul In Gear With The Infinite."

(Herbert Myrick, Farm and Home)

Open mine eyes to see Thy ever presence in the advancing season.

Summer sparkles with joy. So should I. Let humor, recreation, play, optimism lighten the burdens of life and make for human happiness.

Broaden my soul to comprehend that only the spiritual is real. Material things pass away, but the spirit endures. The grass grows and withers, but the mystery of nature ever renews the verdure. God is here, not afar off. Lead me to partake fully of the infinite omnipresence.

Show me how to keep my body, mind and soul in gear with the infinite, how to do more and be more within mine own limitations. Let me do as I would be done by—serve others, be efficient in my duties, kind and good, true and reverent. Amen.

CUPID IN A STOCKING BOX.

Girl Maker of Hosiery Springs Joke That Leads to Altar

(Reading (Pa.) Dispatch to Philadelphia Inquirer)

Engaged and married within a week was the speed record established by Dan Cupid in uniting the hearts of Frederick King, of Miami, Fla., and Miss Ruth Salen, daughter of Mr. and Mrs. Howard Salen.

The romance began when Mr. King found the name of Miss Salen in a box of stockings received at the department store in which he is employed at Miami, Fla. He wrote to Miss Salen, and correspondence followed, resulting in friendship.

Mr. King came to Reading a week ago and met Miss Salen for the first time. It was love at sight, and the marriage resulted.

Miss Salen was employed at the Nolde & Horst stocking factory, and she put her name in a box of stockings as a joke.

FINANCIAL AND COMMERCIAL

GENERAL FAVORABLE AVERAGE

Of Weather News Promoted Scattering Selling in Cotton—An Early Decline Recovered

New York, June 18.—The general favorable average of today's weather news promoted scattering selling in the cotton market but an early decline was recovered and the close was steady net three points higher on June with other months net unchanged to three points lower.

The talk around the local ring suggested quite a general feeling that the crop was improving and some of the private crop news published during the day was more encouraging, but there were a great many unfavorable reports particularly from Texas and a statement that the Oklahoma State Department of Agriculture had estimated the cotton acreage of Oklahoma at 13 per cent. Under last year's probably hiped the rally from the early decline.

The market opened steady at a decline of 2 to 5 points and active months held 5 to 8 points net lower during the early trading under liquidation by some of yesterday's late buyers and local pressure. This selling was encouraged by the indifferent showing of the Liverpool cables, the failure of the early weather map to snow any general heavy rains in Texas, such as suggested by some of the private advices of yesterday afternoon and the Federal forecast.

Offerings were readly taken at the decline, however, with prominent local spot people and Liverpool houses good buyers of July while there seemed to be some trade demand for new crop months. This steadied the market and prices later worked higher on covering and moderate bull support.

Cotton futures closed steady.

DRY GOODS MARKET.

New York, June 18.—Cotton goods markets were quiet and firm today. Men's wear serges were offered at old prices and at advances of from 2½@5c. a yard for Spring, 1915. Raw silk was higher.

BETTER SHOWING IN STOCKS

Advance Was General All Along the Line But Exceeded Fractions in Few Instances.

New York, June 18.—A better showing was made by the stock market today. The advance was general, but there were only a few instances in which it exceeded fractions.

The firm tone was due in a measure to re-purchases by traders who sold during the earlier days of the week. There was a marked scarcity of offerings. London was in a cheerful mood which led to a corresponding movement in the international stocks here.

Importance was attached to a further break in foreign exchange rates as a bullish factor. Demand sterling dropped under 4.8850. It was felt that the movement pointed to curtailment of the extraordinary flow of gold out of the country. Notwithstanding the break 02,550,000 more gold was engaged for export today. Time loans were easier.

In the bond market there were wide fluctuations. Missouri Pacific convertible 5s lost two points, but later recovered half of their decline. Rock Island debentures and International Steam Pump were exceptionally strong. Chicago and Indiana coal railway 5s collapsed, falling 24 points to 61. Total sales, par value, $1,820,900. United States bonds were unchanged on call.

NAPOLEON'S TRIP TO ELBA

Emperor's Conduct on the Journey Described in Old Files of London Paper

(London Globe)

A fresh letter arrived today describing Bornaparte's conduct during his journey from Fontainebleau to Elba. Subjoined is an extract:

"In the early part of his journey Bonaparte took his meals alone; but when the unpleasant rumors from the south and the tumult in most of the towns through which he passed had thoroughly convinced him that the people were ready to proceed to the most cruel extremities he saw that his only chance of escaping was to assume the uniform of an Austrian officer".

He then determined also to renounce the part of emperor and to take his repasts with the commissioner who escorted him, and to whom he owes the preservation of his life.

The decision, however, was preceded by a flood of tears. The first day that he sat down with the commissioners it was observed that he ate nothing, and that he secretly threw aside the victuals which he raised to his mouth. He was afraid of being poisoned!

The following day he requested permission for his own cook to dress his dinner, which was granted; and the same man who the day before pretended to be ill fell foul of the dishes with an eagerness bordering on voracity.

Throughout the whole journey he betrayed the strongest apprehension and preserved a solemn silence. But as he approached the coast and perceived the Mediterranean fleet and sails of the vessels lying in the road his heart expanded, and he began to talk with extreme volubility, but, as usual, very incoherent.

It is said that in his conversation with Marshal Angereau he several times observed: "Tis all over with me in Europe, but Asia wants a man!"

DUG UP THE STATE LINE

Markers Between Wisconsin and Illinois Interfered With Gardening

(Beloit (Wis.) Dispatch to Milwaukee Sentinel.)

"Oh, that? Why, it was in the way when we were making gardens, so we dug it up and piled it in the corner."

This was the situation that confronted "Bob" Caldwell when he went to do some surveying in the southern part of the city. Diligent search failed to reveal any of the monuments set up to designate the line separating Wisconsin from Illinois. As each marker weighs several hundred pounds and would require two or three men to handle, Mr. Caldwell was perplexed.

Search showed that the monuments from the river to State street—fifteen in all—were missing. This section is practically all owned by Italians. Several were questioned and knew nothing. Finally one was found, who led Mr. Caldwell to a corner of his garden and there, neatly piled, were the missing monuments. The Italian explained that residents along the line had found the stones a nuisance while they were making gardens, and therefore dug them all out and piled them up where they wouldn't be in the way of their agricultural labors.

USES HOOK ON BANK'S CASH

Teller Sees $250 In Motion And His Shout Stops Robbery

(From New York Herald)

By a chance discovery an attempt to rob the Broad and Market National Bank, in Broad street, Newark, was frustrated soon after 2 o'clock one afternoon recently. A man was discovered after he had attacked to a long hook a packet of $250 in $10 bills and was drawing it to a window ledge.

Edward C. Schmidt, a teller, happened to glance in that direction and his shout startled every one in the bank.

The man dropped the hook and with two other men ran from the bank. Before they could be interfered with they were lost in the crowds at Broad and Market streets.

ALLEGED BURGLARS BROUGHT TO RALEIGH

Loot in Boys' Possession is Identified

List of Burglary Charges Against Them Grows Each Day—Fulton Lowery and "Frank Mills" in Raleigh Jail.

(Special Star Telegram.)

Raleigh, N. C., June 18.—Captain of Police Brown arrived this afternoon from Norfolk with the two prisoners, Fulton Lowery and Frank Mills, charged with committing the wholesale burglaries here Sunday night. They were committed to the city jail to await preliminary hearing before Police Justice Harris within the next day or two. Lowery is 17 and Mills 14 years old.

The Norfolk authorities turned them over to the North Carolina officers because the charges against them here are much the most serious. Officers, city and Federal, are still working on the clues to the robberies and additional arrests are expected.

Loot Identified.

Yesterday's Norfolk Virginian-Pilot has the following:

The identification of a pair of cuff buttons by Rev. I. N. Loftin, of Elizabeth City, N. C., as part of the jewelry stolen from his home some time ago and the admission by the boys that they robbed the residence of Charles Grice in the same city, the list of burglaries charged against Fulton Lowery, 17 years old, and Frank Mills, alias John Henderson, 14 years old, grow day by day.

Although put on the grill all yesterday afternoon by Postmaster Rowland, of Raleigh, and Postoffice Inspectors Chester, Minch and Conway, of Raleigh, Lowery and Mills persist that they are innocent of the charge of robbing the West Raleigh postoffice after blowing open the safe last Sunday night. The postmaster and inspectors returned to Raleigh last night where they expect to pick up a new clue.

In an effort to secure additional evidence and make another arrest or two, the cases of Fulton Lowery and Frank Mills, alias Henderson, charged with housebreaking and grand larceny at Gibbs' hardware store in Berkley, ten days ago, and also with attempted housebreaking in Mann Brothers' clothing store late Monday night, were yesterday continued until today by Police Justice Barron. The continuances were granted at the request of Police Captain Ford.

The larger part of the jewelry which is said to be valued at about $5,000, recovered when Lowery was arrested in the Postal Hotel on Tuesday afternoon, after his pal "Mills or Henderson" had squealed to the police, has been identified. H. Mahler, of Raleigh, N. C., proprietor of the jewelry store that was robbed by the boys on Sunday night, arrived in Norfolk yesterday and identified a large amount of the jewelry as being stolen from his place.

Frank Mills, alias Henderson, hails from Wilmington, N. C., and Fulton Lowery from Elizabeth City, N. C.

ARMY NO LONGER FACES SPECTRE OF TYPHOID

Jack London Tells How Soldiers Become Immune

(Jack London, in Collier's)

The United States was the first country to inoculate its soldiers and sailors against typhoid, and it is safe to assume, no matter in what other ways its soldiers may lose their lives in Mexico, that none will die from typhoid. This inoculation is a fairly simple matter. The serum is hypodermically injected into the arm in a series of three injections, the intervals between injections being 10 days.

In a way, the injectee becomes a sort of peripatetic graveyard. The first injection puts into his blood the nicely dead carcasses of some 500,000,000 micro-organisms along with all their virtues of deadness, which bring about a change in the constitution of the blood that makes it resistant to future invasions of full-powered, malignant typhoid micro-organisms. With this first injection, theoretically, the man has had reduced the 100 per cent, of his nonimmunity to typhoid to 32 per cent.

The second injection, 10 days later, consists of a thousand million nicely dead carcasses of the disease. Also, it reduces his nonimmunity to 8 per cent. The third injection introduces another billion of the same ably efficient carcasses and reduces his nonimmunity to zero. In short, when his body has become the living cemetary of half a billion more dead bodies than there are live humans in all the world he has become so noxious to the particularly noxious and infective typhoid that he may be classed a positive immune.

It is very easy, the actual process of inoculation. I have had the pleasure of reducing my nonimmunity of 100 per cent. to zero per cent. The first inoculation was perpetrated in a transport hospital, the second in a captured academy turned into an army hospital, the third in a field hospital. The stab of the hypodermic syringe, different from the manner of administering morphine just under the skin, goes straight down and squarely down into the meat of the arm for half an inch, but the pang of the stab is no severer. The hurt is punctured. It is only the nerves of the skin that protest in either case.

After an inoculation there is no indisposition. The arm is a trifle sore for several days, and that is all. Some inoculatees aver that they awaken from the first night's sleep with a dark brown taste in their mouths. In rare cases a mild increase of temperature is noted, reaching its height some six hours after the inoculation and fading quickly. I have talked with a daring one who took the total quantity at one time, and who stated that the impact was equivalent to a man's fist between the eyes and that he was not quite himself again for all of the 24 hours.

But the big thing about the whole affair is the statistics. Individuals do not count. What counts is the results achieved by the inoculation of thousands of men. What counts is the reduction to nothing of typhoid cases in the army hospitals. What counts is the reduction to nothing of the army funerals due to typhoid.

DOGS AS ARTILLERY HORSES

A French Army Plan Is Being Favorably Considered

(Paris Correspondence London Globe)

The first army corps is said to be considering the adoption of dogs for hauling artillery. The dogs in question are in big Flemish animals, which are largely utilized in the north of France for dragging milk carts and other vehicles.

From the economic standpoint there is a good deal to be said in favor of the replacement of the horse by the dog so far as light artillery is concerned. A good Flemish dog can be bought for 100 francs, and the cost of feeding it does not exceed 50 centimes a day. The lowest price of an artillery horse is 400 francs, and the daily cost of its upkeep amounts to two francs. In other words, the first cost of the horse is at least four times as great, and it costs four times as much to feed. Moreover, for one hundred francs it is possible to buy a dog in much better condition than the majority of the French artillery horses.

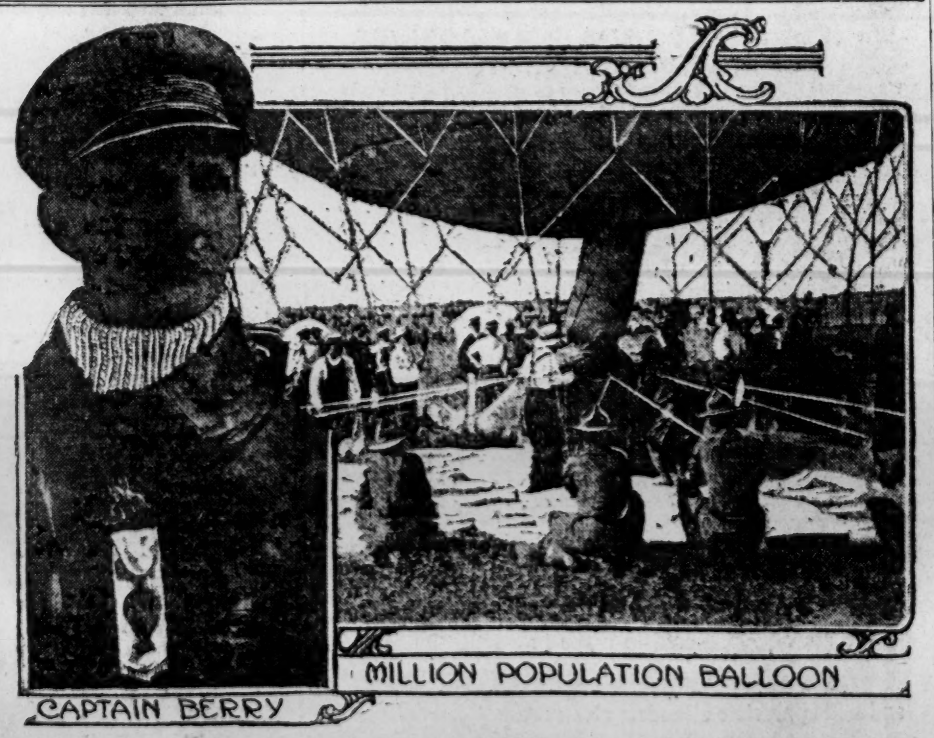
MAMMOTH MILLION POPULATION BALLOON HIT BY LIGHTNING IN RACE, AND TWO LOST



English polo ponies proved to be trained up to top speed in the international match, which was so decisively won by the British army officers. One of the horses used by Capt. Cheape in the final game unconsciously aided his rider by knocking the ball forward with his foreleg during a lively chase, as shown in one of these pictures. Another odd picture during the final contest is also shown, the ball being momentarily lost beneath the ponies' hoofs. The horses appear to be almost standing still, but this lull was only for the fraction of a second, the next minute seeing riders and animals in a whirl of exciting play.
